WILL ABOLISH SPECIAL CARS FOR THE WOMEN

NEW YORK, July 3.—On the cars operated by the Hudson Tunnel Co. bulletins have been placed announcing that on and after July 1 the special cars for women will be discontinued. The posting of these cars shows that the service, which was established for women, while prac-

ticable, was apparently unappreciated. Special cars for women have been carried on Hudson Tunnel trains for the last three months. During rush hours at first the women made good use of them, but of late it has been noticed that many women have preferred to go on the cars occupied by both sexes than to use the vacant seats in the cars from which men have been barred.

ANDERSON PAYS FOR CRIME WITH HIS LIFE

SALEM, July 3.—Joe Anderson, convicted of the murder of Harry Logan, a railroad engineer, of South Portland, in 1907, paid the death penalty shortly after noon yesterday. He spoke a few words on the scaffold, and declared that he was not concerned in killing Logan.

THE KNICKERBOCKERS

The Best Male Quartet in San Francisco at Chataqua.

The opening concert of the Chataqua Assembly convening in Ashland July 7th, will be given by the Knickerbocker Male quartette of San Francisco. This quartette is the best of its kind in the Bay City and is favorably known through-

Central California. It will prove a strong attraction. The Knickerbockers will be assisted in this first concert by Prof. W. Eugene Knox, of Tacoma, also widely known on both the Coast and in the east, as a veritable prince among impersonators and readers.

CHAMBERLAIN SUBMITS PROTESTS TO SENATE

WASHINGTON, July 3.—Senator Aldrich was back in his seat today after two days' absence. Senator Chamberlain of Oregon and Senator Piles of Washington submitted telegrams from constituents protesting against the proposed corporation tax.

The Great Innes Band of 55 Pieces. Chataqua, July 16th

The superintendent of the Lincoln, Nebraska, assembly said, "I take pleasure in stating that in my eleven years' experience as superintendent of our Chataqua, we have never had an attraction that gave us with-in fifty per cent as large gate receipts as the Innes band. Furthermore their music at both concerts greatly delighted the vast throng that heard them. I consider this band an ideal assembly attraction."

NO BAN PLACED ON AB-BREVIATED BATHING SUITS

SAN DIEGO, July 3.—The city council has passed an ordinance directing that all bathing suits shall extend from neck to knee. The ordinance was the result of a petition from a resident of La Jolla protesting against the somewhat abbreviated bathing costumes said to be worn at that resort. The refusal to pass the ordinance was celebrated at La Jolla last night with a big bonfire and other festivities.

CORVALLIS REALTY MEN THINK HENEY A BUYER

CORVALLIS, Ore., July 3.—F. J. Heney arrived in Corvallis about 7 o'clock Wednesday evening with an auto party, stopping for dinner and leaving for Salem at 8:30 by way of Independence. While here he was greeted by many Corvallis citizens. Upon his arrival here he was approached by local real estate men as a very likely looking prospective buyer.

ASK SALVATION ARMY TO STAY OUT OF SALOONS

CHICAGO, July 3.—That the Salvation Army be requested by the members of the Liquor Dealers' association of Illinois not to send the Salvation Army women into their saloons to solicit funds is suggested by Fred Rhodes, president of the association, in a report which he has submitted to the association.

The reason given for this move was "the gross ingratitude" displayed by the Salvation Army in allowing its

members to take part in a temperance parade last fall, the report declaring that members of the Salvation Army have no right to enlist under the prohibition flag and continue to invade the saloons soliciting funds.

SMITH FROM CHICAGO

Chataqua Lecturer Who Stands High Among the Best.

Those who have heard Dr. Frank G. Smith lecture are always eager to repeat the experience. He is an inspiration. He is an orator, a great thinker, a man with a compelling sense of power, purity and poetic feeling, who ranges the gamut of human emotions, yet relieves its stress by frequent flashes of wit and humorous anecdote. He has influenced the community in which he lives to splendid results. Dr. F. W. Gunsalus speaks very highly of Dr. Smith and his lectures.

BRITAIN IS URGED TO BUILD LARGER NAVY

LONDON, July 3.—Lord Charles Beresford appeared before the London Chamber of Commerce this afternoon in his favorite role of a candid critic of the naval administration. The admiral again declared that the situation in the navy was more serious than was generally known, and he said that in order to put the empire in a state of safety by March, 1914, Great Britain would have to build 10 battleships, 18 second class cruisers, 18 cruisers for the protection of commerce, 24 vessels of a new type, larger than torpedoboat destroyers, and four floating docks; replenish the depleted stores of ammunition, coal, etc., and add 16,000 men to the personnel. This program would necessitate an expenditure of from \$275,000,000 to \$300,000,000.

Table d'hôte dinner at the Nash grill Sunday evening. Special music.

When?

Right on Monday, our glorious celebration day, when smoke, dust and heat make you feel dry, hot and tired. Then is the time to enjoy the day's biggest treat—Ice Cream, Sandwiches, Tea and Coffee.

Where?

Just where you can't miss it—next to the Wells-Fargo Express Co.'s building. You'll pass there about 50 times, wondering at the good time we're having. Why not drop in and join the crowd?

Our tent is nice, cool and pleasant. Our big special Chicken Pie Dinner is all that and a great deal more—35c.
