CARLOADS OF MACHINERY FOR CLEAR LAKE DAM

KLAMATH FALLS, July 10.—Several carloads of machinery arrived here yesterday for the reclamation service, the equipment to be used in the construction of the Clear Lake dam. One of the pieces is a big dredger bucket, which will be used in clearing the bottom of the dam of mud and tules. The derriek and engine now at the dam site will be used to operate it. In addition to the bucket are several cars to be employed in hauling the rock and dirt for the construction of the dam. The work is progressing rapidly, a force of about 120 men being em-

ployed. Arrangements are now being made to start another camp about 15 miles below the present work, where a dike will be thrown up to catch the water that will pass the first dam.

HOLABIRD PLACES NEW BOAT IN UPPER LAKE

KLAMATH FALLS, Or., July 10.—If the boats and launches on the upper lake could talk there would be gossip galore among them this summer, and there might, perhaps, be an appeal to the government for the enforcement of the exclusion law or a demand for the enforcement of the penalties connected with the violation of the alien labor laws. The cause of all this trouble would be a new boat that Colonel Holabird has brought here for use on the waters of the upper lake. It is nothing less than a Chinese sampan. It is no imitation of the real thing, either, for it shows the earmarks of having passed from the hands of the native workman, and has undoubtedly seen service on the rivers of China.

The boat is about 16 feet long, with the usual swan-shaped bow. The mode of propulsion is the old-fashioned sweep that swings from the stern of the craft. Several characters in Chinese are to be seen on its sides. The boat arrived here last evening, and was today taken to the boathouse of Telford & Son for calking and such other repairs as may be necessary to make it "seaworthy."

MAN IN FROG SAVES FOOT ONLY TO LOSE AN ARM

PASADENA, Cal., July 10.—With his foot caught in a switch frog on the Santa Fe tracks and a rapidly running train bearing down upon him today, James H. Gant, a resident of this city, succeeded in freeing himself just as the engine was upon him, but in his efforts he fell across the rails and the wheels ran over his arm. The injured member was amputated at a hospital, and he is expected to recover. Gant is the husband of Helen Lukins Gant, a well known magazine writer.

STANDARD OIL WOULD PUT COWS OUT OF JOB

NEW YORK, July 10.—The Standard Oil chemists are declared to have discovered a process whereby they can make butter as a by-product of crude petroleum. If reports are true, plans have been prepared and contracts soon will be let for putting up a big butter-making plant as a new department of the Standard Oil works in the Constable Hook section of Bayonne, N. J.

MAN-EATING LIONS CLOSE PUBLIC ROAD

NAIVASHA, British East Africa, July 10.—The government officials this morning closed the public road which runs from Nairobi to Fort Hall, the capital of Kenya, in consequence of the invasion of that district by man-eating lions. Several natives within the last few days have been

ORCHARDISTS PLANNING EXTENSION OF GROVES

William Hart Hamilton, proprietor of the Rogue River irrigated orchards at Eagle Point, comprising the old Ashpole and Uch tract, one of the finest young orchards in the state, has purchased from L. E. Hoover of the Yakima Valley nursery 1500 pear and 1500 peach trees for next winter's planting.

E. Renshaw is also planning additional orchard area, having ordered 1400 pear trees from the same nursery.

Prepaid Railroad Orders.

"Something which is of considerable interest to the public generally and which is perhaps not generally known is in effect between stations of the Southern Pacific company and all points in the United States. By means of this system tickets may be purchased at Medford from any place in the United States and mailed or telegraphed direct to the party wishing to come here. Sleeper accommodations and small amounts of cash in connection with these tickets may also be forwarded at the same time."

SENATE STRIVING TO DEplete LEMON MARKET

WASHINGTON, July 10.—The United States senate is apparently doing its best to deplete the lemon market. During the warm weather the senate treats itself to lemonade, but it is noticed that never before has the consumption of citrus fruits been so great among the members of the upper house of congress as it has been during the tariff debate. It might almost seem as if the senators wished to put away their share before the taking effect of the increased half cent a pound duty on lemons, as provided in the Aldrich bill.

When Senator Gallinger first called for lemonade this summer, one

colored functionary was able to prepare the necessary supply. Nowadays half a dozen men are required to make and transport the beverage to the perspiring statesmen. A special room has been set apart in the basement of the capitol for the storing of the lemons and what goes with them. Nor are the senators satisfied with plain Potomac water. Their lemonade is made with mineral water.

TEN REASONS WHY You Should Be a Reader of The Pacific Monthly

1st. It is the leading magazine of Western America, published on the Pacific coast edited by western men and its entire contents are Western. With pen, brush and camera, it tells the story of the wonderful progress of the West.

2nd. No other section of the entire world is experiencing such a rapid industrial and commercial growth as that section of the United States west of the Rockies. It is a duty you owe to yourself to keep informed—The Pacific Monthly completely covers the field.

3rd. There are opportunities for the extension of practically every line of business in this territory, and The Pacific Monthly tells of these opportunities.

4th. If you are looking for a chance to invest or locate—commerce, farming, orcharding or professional work, if you are worn, tired or in ill health, seeking rest or reasonable, The Pacific Monthly will give you a thousand valuable hints.

5th. Here also you can get close to nature. The great snow-capped mountains, in all their rugged grandeur, the boundless plains and the virgin forests, "God's Country," untarnished by the hand of man. Do you not wish to spend a few hours each month with us?

6th. The best of western literature to be found in the Pacific Monthly. Live topics of THE DAY, stories of progress and of opportunities, the Romance of the mountains and the plains, always intensely human.

7th. One never tires of beautiful pictures and the Pacific Monthly is famous for its illustrations, always a veritable picture book of Western scenery, from Mexico to Alaska and from Denver to the coast. No expense is spared in securing the most striking photos for reproduction in colors and halftones.

8th. The Pacific Monthly should be in every home. From cover to cover it is clean wholesome reading of an educational nature. It is particularly interesting and valuable both to teacher and students.

9th. Look upon your map, note the great area west of the Rockies, think of the wonderful resources of this section of the country—thousands of acres of agriculture land, billions of feet of standing timber, mineral riches beyond comprehension, extending to the shores of the mighty Pacific, the highway to the Orient—Do you not want to know more about this marvelous country?

10th. A spirit of optimism prevails throughout the west that lends life and vigor to all. That is why the Pacific Monthly is different. It comes to you each month breathing this spirit of the west. It will put the red blood into your veins—try it.
