## CALIFORNIA CAR SHORTAGE RELIEVED

Car Shortage in California is Relieved by Arrival of Cars From That City.

SACRAMENTO, July 28. — Manager Frank B. McKevitt of the California Fruit Distributors stated today that there is nothing to be feared from the car shortage, at least for a day or two. Yesterday 150 cars arrived in the local Southern Pacific yards and as many more are due to arrive to-morrow.

"We have been assured" said McKevitt, "that we will have cars enough to handle our fruit supply for to-morrow and the next day, but we are not yet in a position to look any further ahead. We are informed by the representatives of the Pacific Fruit Express that the back bone of the car famine is broken and we certainly hope that it is the state of the case. We ought to be shipping from 100 to 150 cars daily out of the state, and we cannot be sure that we are out of the car shortage until as many or more are arriving daily than we are shipping.

"It is speaking conservatively to say that so far 100 carloads of fruit have suffered delay in consequence of the car famine. Most of these have been delayed a single day, some have been delayed two days, and a few even three days.

### What Loss May Be

"California fruit is selling in the east on an average of \$1200 a car, and the net value of a carload of fruit here in our hands, before the cost of shipping is added, is upwards of \$750. The delay in shipping 100 cars jeopardizes fruit worth something over \$75,000. It is impossible, until that fruit has arrived in the east and marketed to estimate the loss which the delay has caused. It might make the trip in favorable weather, and it might strike a rising market. In such a case the delay might result in the sale of perfectly sound fruit at prices better than it would have brought if there had been no delay. But then, too, it might strike a falling market, and the loss through difference in the state of market would have to be added to the deterioration of the fruit by the delay.

"I have hopes that the delayed cars will arrive when the market is improving rather than declining, and there may be no loss at all. But if it turns out that the delay of the fruit has been a loss to us, we will have the foundation of a claim for damages, and we will take steps to press our claim. It may be that the company would refuse to pay on such a claim, and then we would certainly have recourse to the courts."

### CLAIMS HE WHIPPED JEFFRIES IN CHICO

YREKA, Cal., July 28.—A man by the name of Joseph Baltes, who is a stranger and who claims to have come from Weed, where he says he has worked, went into the Siskiyou County bank Wednesday and demanded \$2850 which he said had been sent there from Chico for him. There was no money in the bank belonging to him and he was so informed. But Baltes said that he knew better and he would not leave until he got it. An officer was called and the man taken into custody.

Baltes, who is a German, claims that he fought with Jeffries, and that while he did not knock him out, "Jeff" threw up the sponge and the Chico courts awarded him the purse. This money had been telegraphed to the Siskiyou bank, and he would not leave town until he got it. He seems perfectly rational on all subjects but this one, and talks freely. It is thought that the man has been working hard and has been affected by the heat. At the time of writing Baltes is being examined as to his sanity.
