CONDITION OF FRUIT TRADE

High Quality and Light Offering Shoves Price on Bartlett's Up.

A light offering in the New York market yesterday, with a fine quality sent the price up again on Bartlett pears to \$2.45.

- New York—\$2.45. Philadelphia—\$2.35. Chicago—\$1.90. Pittsburg—\$1.95. Minneapolis—\$2.05.

The following weekly letter of the California Fruit Distributors shows that the California fruit crop is nearly all harvested:

The following gives number of cars of deciduous fruit shipped to all points by all members of this company for the week ending Monday night, August 9, 1909:

Plums and prunes—135 cars. Shipment of plums is dropping off quite rapidly and will continue to decline until the end of the week, when the crop will be nearly all off.

Peaches—542 cars. This week will finish the heavy movement of peaches and after that time there will be a comparatively small number of cars available for eastern shipment until Salways are ready.

Pears—336 cars. The Bartlett pear shipment is rapidly dropping off and will be practically concluded this week.

Grapes—79 cars. Grape shipments are increasing, but not rapidly. There will be no considerable quantity moving before the 20th of the month.

No further trouble has been experienced through lack of cars and owing to the fact that shipments will be considerably less after this week no further trouble is expected.

The New York deciduous market letter issued by Rae & Hatfield under date of August 6 reads as follows: Weather cloudy. Large attendance at sale.

As was to be expected with the above heavy offerings—on top of previous heavy ones—market eased off on all varieties. Many pears ripe or over-ripe—our average \$1.85, half boxes 95c.

Peach market slumped off badly. Elbertas 85c Crawfords 60c, Tuscans 70c. Many ripe and wasty. Plums also lower. Grand Dukes \$1.47 Kelsos \$1.89, Eggs \$1.18, Diamonds \$1.29, Gans \$1.46.

Our Recapitulation. 4974 boxes Bartlett's \$1.62c to \$2.25, average \$1.85; 1178 boxes of Crawfords 35c to 75c, average 60c; 1148 boxes Elbertas 65c to \$1.12 1/2, average 85c; 1040 crates Seedless \$1 to \$1.75, average \$1.49; 350 crates Giants \$1 to \$1.75, average \$1.19; 581 crates Imperials 80c to \$1.37 1/2, average \$1.01; 286 crates eggs, 90c to \$1.50, average \$1.18; 277 crates Diamonds \$1.25 to \$1.62 1/2, average \$1.39.

SEATTLE CITY HALL TO COST \$2,000,000

SEATTLE, Wash., Aug. 12.—A new city hall requiring a bond issue of \$2,000,000 is proposed by Superintendent of Buildings Francis W. Grant. In making this recommendation, Grant calls attention to the fact that the present municipal building is inadequate, that it was originally designed for a municipal courtroom, city jail, police station and emergency hospital, and was changed to accommodate other departments because of the unfit condition of the old city hall.

The growth of the city has since necessitated larger quarters for almost every department and at the present time the rentals paid by the city amount to \$11,354 a year, and this amount is certain to be increased to a considerable extent by the needs of several of the departments now housed outside the city hall.

The county court has already voted expenditures of \$30,000. The land needed has been selected for some time and owners are ready to proceed to the county to turn them over to Professor Umberger, who will have charge of the farm, and who has been here for some time waiting for those in authority to decide on the location.
