**Undue Haste.**  
No doubt Dennis appreciated to the full the excellent qualities of Celia, his wife, but he occasionally indulged in a sigh for the liberty of his years of single blessedness. "Yes, 'tis a good wife she makes me," he said to a returned traveler during whose absence the wedding had occurred. "And we was courtin' seventeen years. Aileen an' all o' the rest said 'twas time I married or Terry Leahy would be gettin' the prize away from me."  
"Well, man, you've no regrets. I hope?" said the friend, who had just enjoyed a delicious supper at the hands of Celia. "She's a fine woman."  
"Didn't I tell you that?" said Dennis impatiently. "The only thought I ever have is wance in awhile when it comes over me that I might 've waited another year an' still have got her, for Terry was not near so high in her estimation, after all, as them women made out o' me."  
"A man in love is always hurrying, hurrying, ye mind."—*Youth's Companion*.

## PLAN TO CONSERVE STATES RESOURCES

Conservation Commission Will Meet August 30 in Portland—Pinchot Will Be on Hand.

PORTLAND, Or., Aug. 16.—The conservation of Oregon's resources will be discussed fully at Portland by the Oregon conservation commission, which will hold its convention on August 30. Gifford Pinchot, head of the forestry service, will be the principal speaker and will discuss the various phases of conservation in Oregon. He is thoroughly familiar with the situation here, having studied it in connection with his forestry work.

Since the commission was organized much has been accomplished in protecting natural resources. Water power, timber and land have been saved to the state. It is expected that much good will result in the furthering of this work by the forthcoming convention. Citizens from the whole state are invited to attend.

German residents of the state are to take part in large numbers in the celebration of German day at Seattle August 19. German-Americans of the city will make the trip in two divisions, leaving on August 17 and 18. Preparations have been made at Seattle on a large scale to receive the visitors. The exercises will be held at the fair grounds and the exposition management is taking steps to make the affair one long to be remembered.

**Building Big Mill.**  
Work has been started in Portland on what will be the biggest and most complete cereal mill on the coast. The mill is being built by Albers Brothers, and will be located on the river front. Here additional property for the purpose was recently purchased. When complete the plant will represent an outlay of \$1,000,000. It is expected that the plant will be ready for operation this winter.

Joy riders have been put under the ban by the Portland Automobile club, and steps were taken at a meeting held this week to do away with reckless motorists. Recent killings by autos on speedways about the city by the class of drivers known as joy riders have caused the automobile club to start a campaign to restrict dare-devil automobile speeding. Resolutions were passed at the meeting and members of the club are going to do everything they can to put a stop to speeding on public roads.

**Will Undertake Portland.**  
During late September and early October Portland will be the scene of the greatest gathering of undertakers ever held in America. It will be the occasion of the annual convention of the annual convention of the National Funeral Directors' association.

in conjunction with which will be held the annual conventions of the Oregon and Washington state associations. September 28, 29 and 30 and October 1 and 2 are the dates set for the three conventions. This will be the first time the national convention has been held on the Pacific coast. Preparations have been made to give the visitors a warm reception. They will be dined at the Commercial club, formally welcomed to the city by the mayor and the club officials, and taken about portland and up the Columbia river for sight-seeing trips.

Contracts were let during the past week for double-tracking the Northern Pacific main line between Kalama and Tacoma. Between Kalama and Portland a double track already exists. The additional track is being laid to provide for the common use of the Northern Pacific line by the Union Pacific between Portland and Puget sound cities. The work is expected to be completed within six months at a cost of about \$1,600,000.
