

**FOR SALE—AUGUST ONLY
A SUMMER RESORT ON
KLAMATH LAKE
That is Unsurpassed in America**

This is a sporting proposition for men of wealth—it is not a farm. Unequaled Trout Fishing—June to November. Deer Hunting on the premises, August 1 to November 1. Duck Shooting superior to any in the state, over thousands of acres of wild celery and rice, September 1 to February 1. Grouse and Pheasant Shooting on the place October 15 to November 15. Best starting place in the county for a Bear hunt. The Crater Lake Automobile road will run through the place for a mile and a quarter. Navigable water to the property, unsurpassed drinking water, and power to develop the property. More bottom land and fine garden land than any place on the lake. Thousands of Pine and Fir trees and thousands of Quaking Aspens. More varieties of wild flowers and natural grasses and vetches than any place in the county. If you develop this property as it can be developed, there is no resort in the county that can compare with it. No amount of talking will describe it—let us show you. We have been offered more than twice what it cost, but have a price at which you may take it—below which we will keep it.
**J. G. PIERCE,
W. T. SHIVE,
Klamath Falls, Oregon.**

Remember the Rogue River Fish Co. always has dressed chickens, fresh oysters and fish on hand.

A four or five-room furnished house wanted at once, not too far out. What have you? Address Inquirer, care Tribune office, giving location and terms.

**TOURISTS BOOST
GASOLINE TRADE**

Klamath Falls Forced to Buy Gasoline in Carloads for Use Tourists.

KLAMATH FALLS, Or., Aug. 17.—The first straight carload of gasoline that was ever shipped into this city was received by the Baldwin Hardware company Saturday. It was only three or four years ago when a ten-case shipment was considered quite an order. This great increase is accounted for by the great number of tourists who are making the rounds of this country in automobiles, (and with its natural location, this city is enjoying the benefit of this trade, which is only in its infancy as compared to what it will be when our roads are put in good condition, especially the proposed Crater Lake road, which is now being looked over by United States Engineer Heidel. Gasoline is not the only commodity affected, either, for all along the street is heard comments by the merchants of tourists making purchases. It is estimated that so far this year 75 automobiles have passed through this city, each with parties of from two to six, on pleasure bent to various points in the county, especially Crater Lake. Very nearly all, if not all, have remained in the city overnight, the result of which has been very beneficial to this community, for here they replenish their gasoline supply make necessary repairs and purchase innumerable things needed for their trip. The situation of Klamath Falls brings about this condition, as auto parties generally arrive here in the evening or afternoon, thus giving them a chance to have a night's rest and, by leaving at a reasonable hour in the morning, the run to Crater Lake can be made very comfortably.

Club lunch, 30c, at Emerick cafe.

**WHAT THE BOY WILL
NEED FOR SCHOOL**
