ROGUE PEACHES PLEASE PORTLAND

Crawfords From Southern Oregon
Much in Evidence in
Portland.

PORTLAND, Or., Aug. 21.—The peach still holds first place in the fruit displays, and is likely to for a week or two to come, and finer offerings of the fruit than are to be had now are rarely seen anywhere. They include Oregon and California Crawfords, Lowells, Elbertas, Orange Chings, Susquehannas and a few other sorts. Crawfords from southern Oregon are now much in evidence, but most of the other sorts are from California. The outlook is for plenty of the fruit from this time on, and next week promises to be the week of heaviest supply.

The peach crop this year, however, is not as big as that of last season, and prices as a result may not work down to the low level at which the fruit moved a year ago. The best are now selling at 20 to 25 cents a dozen, and at proportionately low prices by the box, and dealers say that home preserving is already well under way. Immense quantities of the fruit will undoubtedly be put up next week.

The grape season is now fairly opened, and there is a good variety of the fancy California fruit from which to make selections. Blacks and Muscats are for the time most plentiful, retailing at 5 cents a pound, and next week there will be plenty of Tokays, Malagas and other sorts.

Fine quality pears are among the interesting features of the market at this time. Both California and southern Oregon fruit is to be had and the best are quoted at 20 cents a dozen. Good apples from southern Oregon are also in the market now, and dealers ask 20 cents a dozen for the best. Apples will be much more plentiful within a few weeks.

COST OF LIVING CHEAPENED.

Over One-Half Million People Benefited in Oregon Alone.

When you can save about 30 per cent on the cost of an article and at the same time get the highest standard of quality at a time when most manufacturers are talking of raising prices is something that consumers should not forget. The price made on this particular article is not a price forced by competition, nor is it a price made in a spirit of philanthropy. It is made strictly as a business proposition; the idea being that a large business with small profits is better than a small business with large profits.

Made of the finest grade of cream of tartar, it is put up in tins of all sizes, the most economical sizes perhaps are the 3-pound cans selling for \$1.00 and the 5-pound cans selling for \$1.65.

It is now generally conceded by all that there is nothing on the market showing more merit for quality and price than the article here referred to—Cleveland Superior Baking Powder.

Contractor to furnish all labor and materials necessary to complete said sewer. Plans and specifications may be had for said improvement by calling at or addressing the city engineer's office.
