### HAULING LUMBER BY STEAM TRACTION ENGINE

GRANTS PASS, Or., Aug. 21.—The 17-ton steam traction engine purchased by the Spaulding brothers to haul lumber from their Swede Basin mill to this city is exciting a great deal of unfavorable comment from the farmers and teamsters who live along the route it will travel. The teamsters allege that there are several places along the route where it would be impossible to pass for a quarter of a mile or more. The engine will haul 40,000 feet of lumber at a trip, and will be of great benefit to the lumber industry if it proves practicable.

You can get as good at the Nash Grill as you can get at the best grills in the cities at half the "price." Special music every evening.

William Burchell, a Portland policeman, is her daughter. Her funeral will take place at Forest View cemetery, Forest Grove.

## ACTIONS SPEAK Louder Than Words

For the past three days we have been telling you a few of the advantages gained by my recent trip to New York and the east. MY SECRET LIES IN THIS:

This store was not organized as a get-rich-quick scheme in the first place, and exorbitant profits have never existed on anything, the facts being that we have always tried to make this the "PEOPLE'S STORE"—selling goods on very close margins, and it is our firm resolution to lower the prices still more this fall. TWO FACTS LOOM UP IN THIS STORE'S HISTORY:

First—Most all ladies' goods sold in southern Oregon the past year have been sold on closer margins—WHY? THIS STORE FORCED THE PRICES DOWN.

Second—Most all ladies' goods sold in southern Oregon the past year have been of a higher quality—WHY? THIS STORE HAS FORCED THE VALUES UP.

IT'S UP TO YOU—It's up to you to watch this store for its actions from now on will begin to tell and we want every woman to know where to buy THE BEST FOR THE LEAST.
