THE PENDLETON SISTERS
Appearing in "The Girl From Rector's"

It is doubtful if an attraction has been in this city in many years that has attracted such wide attention as that accorded "The Girl From Rector's." The piece had its initial offering in New Jersey and was brought to Weber's Music Hall, simply to fill a small gap in the bookings there, but its success was so great that it continued an uninterrupted run of seven months and played to the biggest business in the history of the house. Critics

declared that it was one of the few productions of its sort ever made that carried with it a high class plot and still contained a laugh in every line of the dialogue. Paul M. Potter, the author of the work, who was also responsible for "Triby" and many other stage successes, received more royalties from "The Girl" last season than was ever paid to any other writer for his single work in such short space of time.

The story of "The Girl" is that of a

young society woman of Battle Creek, Michigan, who was interested in every charity there. For recreation, however, she comes to New York, and though occasional visits to Rector's she earns the title. When she returns to her home, suddenly she finds many of her metropolitan friends there, and entanglements ensue which are not explained until just before the fall of the curtain on the last act. "The Girl" will be seen at the Medford theatre on September 1.

Medford can give any other town of three and four times its size the east three laps the start and then win out when it comes to autos. J. S. CHILDHOOD'S SIMPLE WAYS.

HIGH ART PICTURES AT THE SAVOY

When it comes to a high class short entertainment the Savoy cannot be beat. Tonight's program is up to the usual high standard that makes the Savoy the best moving picture theater in Southern Oregon.

Comedy pictures, such as the "Heavy Weight Lifter," and "Sweet Dreams and Nightmare" contain many a laugh, the latter being hand colored and artistic in background.

"Living Dolls" is a colored trick comedy picture with many startling sensations, spiced with clean comedy and beautiful color effects. "The Slave" is the most powerful and intense drama shown in Medford for some time. The acting is distinctly polished and effective, while the settings and costumes are elaborate and carefully appropriate. It deals with a woman's love and sacrifice in the slave mart of ancient Rome and is a high class production that merits the highest praise. By all means attend this performance.

Entire change of program tomorrow night. One dime.

COST OF LIVING CHEAPENED.

Over One-Half Million People Benefited in Oregon Alone.

When you can save about 30 per cent on the cost of an article and at the same time get the highest standard of quality at a time when most manufacturers are talking of raising prices is something that consumers should not forget. The price made on this particular article is not a price forced by competition, nor is it a price made in a spirit of philanthropy. It is made strictly as a business proposition; the idea being that a large business with small profits is better than a small business with large profits.

Made of the finest grade of cream of tartar, it is put up in tins of all sizes, the most economical sizes perhaps are the 3-pound cans selling for \$1.00 and the 5-pound cans selling for \$1.65.

It is now generally conceded by all that there is nothing on the market showing more merit for quality and price than the article here referred to—Cleveland Superior Baking Powder.

IF YOU are thinking of investing in the Rogue River valley—if you want an orchard or orchard lands—Go to the man who has lived 35 years in the valley, who has grown fruit for 20 years, who has bought fruit from practically every bearing orchard in the valley and who has shipped hundreds of cars of fruit to the markets of the world during the past few years.
