FOR SALE—AUGUST ONLY A SUMMER RESORT ON KLAMATH LAKE That is Unsurpassed in America

This is a sporting proposition for men of wealth—it is not a farm. Unequaled Trout Fishing—June to November. Deer Hunting on the premises, August 1 to November 1. Duck Shooting superior to any in the state, over thousands of acres of wild celery and rice, September 1 to February 1. Grouse and Pleasant Shooting on the place October 15 to November 15. Best starting place in the county for a Bear hunt. The Crater Lake Automobile road will run through the place for a mile and a quarter. Navigable water to the property, unsurpassed drinking water, and power to develop the property. More bottom land and fine garden land than any place on the lake. Thousands of Pine and Fir trees and thousands of Quaking Aspens. More varieties of wild flowers and natural grasses and vetches than any place in the county. If you develop this property as it can be developed, there is no resort in the county that can compare with it. No amount of talking will describe it—let us show you. We have been offered more than twice what it cost, but have a price at which you may take it—below which we will keep it.
J. G. PIERCE, W. T. SHIVE, Klamath Falls, Oregon.

FINE CAMPING GROUND FOR VISITORS TO EUGENE

Free camping can be had by those so desiring while attending the district fair at Eugene, which takes place from Tuesday, September 12, inclusive. The grounds adjoining the fair grounds have been set aside for campers, city water being supplied. The week will be one of carnival entertainments as well, such as balloon ascensions. On Thursday the merchants will close their stores at noon, this being merchants' day. The city will be decorated and illuminated for the week's affair. Special rates of one and a third fare have been granted by the Southern Pacific company from Salem on the north to Ashland on the south, good during the entire fair time. The exhibits of the schools of the county will be of especial interest, several schools coming with their home bands. There will be a school parade at 10:30 a. m. Wednesday, September 8, and all school children in the parade will be admitted to the fair grounds free. The total in prizes exceeds \$5000.

INDEPENDENT PRUNE MEN BEGIN PACKING

SALEM, Or., Aug. 30.—Members of the independent prune pool this morning commenced to pick a large quantity of green prunes to be shipped to the eastern markets. The fruit is being purchased by the Earl Fruit company of California, and will be shipped through the Salem Fruit union. About 25 to 30 cars of 12 tons each will be sold green, and the growers are guaranteed 40 cents a crate net f. o. b. Salem, also a considerable advance over this figure will be paid if the market conditions warrant it. Forty cents per crate is considered equivalent to about 31-4 cents per pound dried, which is slightly better than the present market quotations on the dried fruit.

NEWSPAPER MAN PRAISES VALLEY

S. S. Smith of El Dorado, Kan., Says Crater Lake Is One of Greatest Wonders of the West.

Sidney S. Smith, business manager of the Daily Republican of El Dorado, Kan., leaves Monday afternoon for a trip through California before returning to his Kansas home. He has spent the past two weeks in Medford visiting his brother-in-law, Bert Anderson, of this city. Mr. Smith has just returned from a trip to Klamath Falls with Wes Green and Bert Anderson by way of Crater Lake. He was delighted with the lake and the country traversed. A record run was made by the party back from Klamath Falls, covering the distance—77 miles—over a rough road, in some six hours.

"Crater Lake is the greatest natural wonder of the west," said Mr. Smith, "and I am very glad that the opportunity presented itself for me to make a visit to it. It will be the means of creating a great tourist travel to this section of Oregon. The country which we traversed was also very interesting to me. I think that in time I shall return to this section of the country to reside."

PORTLAND DEALERS COMPLAIN OF GRADE OF PEACHES

PORTLAND, Aug. 30.—Large receipts and a short business day combined to leave a considerable quantity of fruit on the hands of Front street jobbers yesterday. Everything in good order, however, cleaned up well at satisfactory prices. What was carried over principally was a lot of undesirable peaches and grapes. The dealers are complaining loudly of the quality of a large part of the peaches sent to the Portland market by southern Oregon shippers. They say the best fruit is sent to Seattle and the trash dumped here.

BRIGHT OUTLOOK IN PEAR MARKET

Dispatch From New York Says Pears Will Bring \$4 Within a Few Days.

NEW YORK, Aug. 29.—(Special.)—California pears are diminishing rapidly in this market and within the next three or four days are expected to be entirely off the market. The outlook for Bartlett's from Oregon and Washington was never better. The few pears that are here in the east the canners commenced buying more than a month ago at 3 cents a pound, and they are now up to 3 1/2 cents a pound. The price is in the country, so it is safe to say that good, large Bartlett's will surely be \$4 within the next few days.

Red apples arriving here in September will do well. A few early apples, such as Duchess, Wenhiths and Alexanders, are now off the market, and when we get the Hudson day celebration and New York is full of people any good red fruit should make long prices. The market continues strong.

HARRIMAN IS REPORTED BETTER

Spirit of Confidence Shown by Family Leads to Rumor That Operation Has Been Performed.

TURNERS, N. Y., Aug. 30.—A spirit of confidence manifest by members of the Harriman family leads to a belief that Edward H. Harriman has already been operated upon and that he has rallied splendidly, or that the surgeon's examination proved that the operation when performed would be of a minor character and is not alarming. By long distance telephone this morning a representative of the United Press asked:

"Has Harriman been operated upon?"

"You will have to go to 120 Broadway for your answer," was the reply.

That the magnate's condition is not alarming is attested by the fact that the members of the family attended church yesterday. Semi-official reports declare that he does not intend to give up his railroad interests, but is planning to leave the details to his lieutenants, who will tutor Everett Harriman to take charge of the business.

YOUNG ROBBER GETS SEVEN YEARS AND LASHING

VANCOUVER, B. C., Aug. 30.—For beating a stranger into insensibility, then robbing him and leaving him without aid, Clay Beers, 21 years old, was yesterday sentenced by Judge McInnes to seven years' penal servitude and ten lashes within the first 21 days of his confinement. The crime was committed recently in Stanley park and the sentence is the first of its kind imposed in this city for robbery with violence.

This is Beers' first offense, but the judge stated that such a crime had not a single redeeming feature and was so detestable that it could not be committed in this city. It was shown that Beers insinuated himself into the confidence of the stranger before taking him to the park for the assault and robbery.

IDAHO VALUATIONS INCREASE \$5,000,000

BOISE, Idaho, Aug. 30.—Idaho's total assessed valuation for purposes of taxation is approximately \$120,350,784, as compared with \$115,680,856 in 1908. These figures are not official, but are computed on the schedules as determined by the board. In 1908 the total mileage of the various railroads within the state was 1918. During the year this has been increased less than 200 miles, the maximum assessment upon new property being \$5000 a mile.

ACRE OF RHUBARB NEAR ALBANY NETS OWNER \$200

ALBANY, Or., Aug. 30.—From one acre of rhubarb in his big garden just across the Willamette river from this city William Pencock has averaged \$200 a year profit. He has had one acre devoted to rhubarb for several years and last year devoted another acre to cultivation of this plant. This being the first year of its production, the yield on this second acre is comparatively light, but after the second year it will yield enough to produce \$200 annually. This year was not as good as usual for rhubarb, and yet Mr. Pencock has a fairly good yield. Mr. Pencock supplies several Albany stores with rhubarb, and ships the surplus of his annual yield to Portland, where good prices are obtained. He raises all kinds of vegetables and small fruits, and he and several other gardeners on the rich bottom land in North Albany are making from \$150 to \$200 per acre annually from their gardens.

WILL ENDEAVOR TO STOP SALE OF LAKEVIEW LAND

PORTLAND, Aug. 30.—Contending that much of the land is worthless, E. T. Reinfield of Guthrie, Okla., says he would ask United States Attorney McCoart to prevent the allotment by the Oregon Valley Land company of about 300,000 acres of agricultural land in Lake and Malheur counties. The award of the tracts to purchasing settlers is scheduled for Thursday, September 9, at Lakeview.

The Oregon Valley Land company is a Kansas City corporation, whose Oregon representative is C. M. Eyskell. About a year ago this company purchased from the Boot-Kelly Lumber company about 500,000 acres of land in Lake and Malheur counties, the tract being a part of the original Oregon military road land grant of 1865, the first land grant made in this state. The purchase consisted of a strip of land extending from the Klamath Indian reservation through Lake and Malheur counties to the Idaho state line.

PORTLAND SUFFERS FROM SERIOUS WAVE OF CRIME

PORTLAND, Or., Aug. 30.—Six foldups, one disastrous attempt to blow a safe, 15 robberies, and scores of petty depredations committed during the past 23 days mark the first ebb of the wave of crime which threatens to break over the city at any hour. This record has completely bewildered the police. Every precaution has been taken to check the rampage of the criminals, but so far without result. Each of the crimes has been perpetrated in such a manner as to leave little or no clue to the guilty persons. The natural conclusion is that the crimes are the work of the horde of professional criminals who now infest the city.

Seldom before in the history of the local police department has crime gained such a firm foothold as at the present. Although the department of police is apparently capable to a man, yet, notwithstanding that fact, it is unable to cope with the situation.
