

TALENT NOTES.

The new addition to the school house in the Laural Hill district, west of Talent is completed. W. N. Cunningham had the contract.

Bruce McBride is over in the Applegate section looking out for the contract of painting the Buncom school house.

It is estimated that as many as two hundred persons went from Talent to the circus at Medford on Saturday.

The Japanese section gang, who are working at Talent, on Saturday quit work and went to the circus. Saturday morning the Japs in Talent demonstrated the characteristic of the race to "get there first." A good sized crowd awaited the 7:15 train. The train arrived on time already crowded. There was a rush for the car doors. The Japs succeeded in getting there first and rode in the coaches first-class, most of the crowd could not get in and some of them rode in the baggage cars. A lady with a white dress rode behind the engine.

Mrs. Chas. Holdridge recently returned to Talent from a visit to Iowa. Mrs. Holdridge expressed herself as being pleased to return to Oregon, can sleep and not be bothered with mosquitoes.

J. E. Steele is quite a nimrod. Last week he was successful in killing a couple of fine bucks.

On Wednesday of last week Ed Cochrane suffered the loss of his fore-finger of his right hand. Sam Netherland and Mr. Cochrane were being raised from the well of Frank Oatman with the electric hoist. Mr. Cochrane had hold of the cable with his hands. The hoist was not stopped in time and his hand was drawn into the iron pulley completely severing his fore finger which dropped into the hoisting tub.

Following are the names of the persons from outside districts who have registered at the Bell House during the week: S. P. Barneburg and wife of Medford, J. Davis, Boston; Mr. Thomas, Eagle Point; I. C. Donovan, Albany, Oregon; A. P. McClelland, Yreka, Calif.; Milton Palmer, Yreka, Calif.

W. F. Dunn bought a fifty-acre tract of land east of Talent and located on it some time in April. Since then he had been doing things. He has built a house and barn, cleared eight acres of land, and is having an irrigation well dug. Mr. Dunn estimates that the weed he gets of the land will more than pay the expenses of clearing it.

The friends of Jay Willison are pleased to learn that he is rapidly recovering from a siege of the typhoid fever.

Mrs. Ida Seaton of Portland is visiting with her sister, Mrs. Frank Schneider.

Adolph Naylor of Grants Pass and Frank Hughes of Glendale, were spending Sunday at the Valley Hotel.

Frank Maness, the station agent of Talent, states that there will be about twice as many peaches shipped from this station this year as last year.

From the Buckeye orchard of eight acres in peaches, owned by H. Estep, so far this season has been shipped four carloads and there will be several more yet to ship. E. Clemmens is the foreman.

NORTHWEST WANTS MORE FACTORIES

SEATTLE, Wash., Sept. 7.—Inquiries sent broadcast show that all communities in the northwest want factories. This is a good sign and shows that each municipality is alive to the importance of local industries. The slogan "Buy home-made goods" is being adopted everywhere and it will prove to be one of the best factory stimulators ever conceived. Manufacturers looking for new sites will prefer those localities where they are certain of home support. Governor M. E. Hay in approving the "made-in-Washington" campaign inaugurated recently, recalled an Abraham Lincoln story, according to which the great emancipator is credited with saying that it is always best to keep as much money in your own family as possible, so as to have it in case of an emergency. If the present energy to obtain more factories is continued during the next decade, there is no reason why the northwest will not become the center of as many industries as are found in New England today.
