

\$1,000 REWARD!

ONE THOUSAND DOLLARS REWARD WILL BE PAID BY THE UNDERSIGNED TO ANY PERSON WHO CAN SHOW BY AUTHENTIC TESTIMONY THAT ANY CITY OR TOWN IN THE UNITED STATES, OUTSIDE OF THE ROGUE RIVER VALLEY, HAS TRIBUTARY TO IT, WITHIN A 10-MILE RADIUS, A 20-MILE RADIUS, A 30-MILE RADIUS OR A 40-MILE RADIUS, AS MANY DIVERSIFIED RESOURCES AS MEDFORD, OREGON, HAS WITHIN A CORRESPONDING RADIUS.

MEDFORD DAILY TRIBUNE

FOURTH YEAR.

MEDFORD, OREGON, FRIDAY, SEPTEMBER 10, 1909.

No. 149.

WITHOUT SHOW OR POMP TO LAY MASTER AT REST

Quietly, With Respect to His Own Wishes, Edward H. Harriman Will Be Laid at Rest in Quiet Church-yard.

MASTER HAND SHOWN TO THE VERY END OF HIS LIFE'S JOURNEY

Millions Poured Into Stock Exchange This Morning Stemming All Traces of Panic.

MEMORY IS HONORED ENTIRE WORLD OVER

On His Deathbed Wizard Directed Lieutenants as to Best Course Following His Death.

TURNERS, N. Y., Sept. 10.—Without pomp or elaborate ceremony, which usually marks the interment of a monarch, which in the financial world he surely was, Edward Henry Harriman, who died yesterday afternoon, will be laid to rest in the little country churchyard at Arden at 5 o'clock Sunday afternoon beside the body of his first born, who bore his name.

The announcement was made this morning from the Chateau. Rev. J. Holmes McGuinness, the rector of St. John's church, will officiate. A short service will be held at the residence at 2 o'clock and then the cortege will proceed to the church. Only members of the family and immediate friends will attend.

HARRIMAN'S GENIUS CONTINUED UNDIMMED TO THE BITTER END

NEW YORK, Sept. 10.—After a conference which lasted all night, millions of dollars were thrown into the stock market at its opening this morning, and the tremendous support not only prevented a crash, but the market rose. The Harriman interests received such powerful support that they not only were steady, but rose in some instances as high as 2 1/2 points.

The successful turning of the crisis was the final work of the genius of the master hand of Harriman, for the wizard, on his deathbed, ordered that his death remain a secret until the market had closed, and advised his lieutenants as to the best methods of meeting the situation.

HARRIMAN'S DEATH IS MOURNED OVER THE ENTIRE COUNTRY

NEW YORK, Sept. 10.—Every train on the Harriman lines the country over, every steamer controlled by him, every station from the pretentious ones in the great cities to the small watering tanks in the most

TRUSTEE ADDS TO ASSETS OF NEUBER ESTATE

In Replevin Suit Brought Against Mrs. Hattie Neuber Judgment by Default Was Entered.

MRS. NEUBER CLAIMED ALL THE BAR FIXTURES

Circuit Court Is Busy Grinding Out Civil Suits—Walsworth Mandates Received.

D. H. Jackson, as trustee of the estate of George E. Neuber, bankrupt, has added about \$1000 to the assets of the estate by recovering through a replevin suit, the bar fixtures, valued at approximately \$1000. The judgment was entered through default.

Mrs. Hattie Neuber claimed the bar fixtures as a portion of the real property owned by her and not by Mr. Neuber.

A second suit in replevin is pending against Mrs. Neuber et al., to recover other money.

The mandate of the supreme court in the case of the state vs. Charles H. Walsworth, has been received and ordered spread on the journal. The trial will be on next week.

Other cases disposed of were: W. H. Kenworthy vs. the Pacific American; action to recover money; dismissed.

Charles K. Komp vs. Warren Nichols; action to recover money; on trial.

C. H. Gillette vs. J. D. Bolton; action to recover money; judgment for plaintiff in sum of \$133.50.

William Ulrich vs. Sterling Mining company; dismissed.

RAINS OF BENEFIT TO KLAMATH COUNTY GRAIN

KLAMATH FALLS, Or., Sept. 10.—Recent rains throughout the entire Klamath country have put the fall range in good condition and stock is doing well. The moisture did some damage to the hay crop on the ground but the loss is light. Grain was not injured, but harvesting will be a few days late on account of the rains. The grain yield will be exceptionally good. Wheat throughout the county will average about 30 bushels, while barley and oats will be the heaviest ever produced. It is estimated that the yield of oats will not run less than 65 bushels.

KLAMATH BOX FACTORY WORKING DOUBLE TIME

KLAMATH FALLS, Or., Sept. 10.—Regular shipments of boxes are being made from Klamath Falls to the fruit centers of California. The large mill and box factory located in Ship-pington, a suburb of Klamath Falls, is running double shifts. The mill has a daily capacity of something over 10,000 feet, and the entire output is being manufactured into box shooks. The output of the mill goes to the California Fruit Cannery association which owns and operates the box factory. The railroad company is building a spur to the factory to facilitate the handling of the product.

The Pacific Indians are spending the day on the banks of Rogue river fishing. A large number of local sportsmen are with them.

NEW MEMBERS ARE ELECTED TO INDIANS

Tournament Here was a Big Success in Every Way—Resolutions of Thanks were Adopted and Tendered to this City.

LEE BARKLEY.

FRED GILBERT.

At the conclusion of the first annual shoot of the Pacific Indians Thursday afternoon a closing meeting was held, at which 14 new members were passed upon and elected.

L. S. Hauxhurst, Spokane; Edgar Hafer, Dr. Seeley and J. R. Wright, Medford, and E. B. Morris.

The vacancies on the board of coun-cilors were filled for Arizona by

ROGUE FRUIT ARRIVES RIPE TO OVER RIPE

Some Etrange Feature Keeps Prices Down for Bartlett Pears in the Eastern Markets.

TWO BEAR CREEK, ONE ASSOCIATION CAR SOLD

Bear Creeks Average \$2.75 for Firsts—Association's Average \$2.35.

CHICAGO, Sept. 10.—(Special.)

There is something strange in connection with the Bartlett pear market in this city and other eastern markets. It has been expected that the market would rally and come up strong, but matters have not worked out as rapidly as they should. Fruit is arriving ripe to over-ripe.

The Stewart Fruit company sold one Bear Creek car yesterday, first averaging \$2.75, seconds \$2.45.

Gibson sold one for the Rogue River Fruitgrowers' association, averaged \$2.35.

One Bear Creek averaged \$2.55 for firsts, seconds \$1.95.

ALBANY ARRANGES FOR GOOD APPLE FAIR

ALBANY, Or., Sept. 10.—The Albany apple fair, set for October 27 to 29, promises to be the most successful of the series of apple fairs given by this city in the past few years. The list of prizes offered is the best yet put out and is headed by a prize cup valued at \$100 and \$50 in cash for the best county exhibit, Linn being barred. Other prizes run from \$50 to \$5 for firsts and from \$25 to \$2 for seconds and thirds. The city is making arrangements to care for goodly crowds and will make the apple fair one of the events of the season.

TWO COLUMN HEAD IS CUT DOWN TO ONE

DETROIT, Sept. 10.—Miss Edith McRae of this city and John Paul Scripps of San Diego, Cal., were married yesterday at the residence of the bride's father. The father of the groom, E. W. Scripps, of San Diego, and the father of the bride, Milton A. McRae, have been associated in newspaper enterprises in many parts of the United States for 27 years.

KAUFMAN STAYS TEN ROUNDS WITH COON

SAN FRANCISCO, Sept. 10.—Al Kaufman succeeded in staying ten rounds with Jack Johnson in their fight yesterday afternoon. The coon had the better of the match until the latter end of the fight. He was far too clever for Kaufman, who was unable to land any of his knockout blows.

EUGENE MAN GREATLY PLEASSED WITH VALLEY

O. H. Reichman of Eugene, who has been visiting Medford for the past ten days, is greatly pleased with the city and valley and will probably locate here.

"Medford is the biggest little town I was ever in," said Mr. Reichman. "I think I could not do better than to cast my lot in with the other people here."

FRIENDS OF COOK AND PEARY READY TO WAR

Upon Arrival of Polar Explorers in New York at End of the Month Fight Is Expected.

COOK SAILS TOMORROW FOR NEW YORK CITY

Peary Speeding Southwards—Data Will Be Subjected to Severe Tests.

NEW YORK, Sept. 10.—Already are the lines drawn between the friends and partisans of the two successful polar explorer, Dr. Frederiek A. Cook and Robert E. Peary. A bitter warfare is expected to ensue as soon as the two men reach this city. Able scientists are already taking sides and the records obtained by the two men will be subjected to a severe examination.

Dr. Cook will sail for New York tomorrow and immediately upon his arrival in this city he will be asked to submit his data to American scientists. He has already taken steps to have the two Eskimos who accompanied him brought from Greenland for examination.

No word has been heard from Peary today. He is known to be making all possible speed toward New York.

UNCLE SAM TO INSTALL WIRELESS FOR FILIPINOS

VALLEJO, Sept. 10.—Lieutenant Commander S. S. Robinson, recently detached from the cruiser Pennsylvania and ordered to service with the bureau of equipment for special wireless work, has just completed an official inspection of the wireless system at the Mare Island navy yard. He will inspect the other stations in this vicinity before going east.

It is expected that Commander V. S. Nelson, inspector of equipment at Mare Island, will inspect all the wireless stations from San Diego to Valdez, Alaska, within the next two months. An expedition is to be sent from the Mare Island navy yard to the Philippines for the installation of wireless stations, but probably will not start before next year.

GRAINS AND FRUIT MAKE GOOD SHOWING IN LAKE

LAKEVIEW, Or., Sept. 10.—Goose Lake valley is at its best to bid welcome to the thousands now here to participate in the land opening. The grain yield is heavy, while the natural grasses cut an abundance of hay. The orchards make a good showing, as the apple yield is fully up to the average. With these conditions, those of the newcomers who make a thorough investigation are well pleased with what they have seen of Oregon.

L. B. Warner has donated 150 rose trees for the Medford park. A few more gifts of this nature would do much toward making the park a bow-er of beauty.
