

**LOW PRICE FOR FRUIT
IN PORTLAND MARKET**

PORTLAND, Sept. 11.—Peaches, pears and grapes are the big factors in the fruit market and in the quality and cost of the fruits there is no ground for complaint. Big, luscious southern Oregon Crawford peaches are selling at the retail stores at 15 to 25 cents a dozen, and at correspondingly low prices by the box, while pears, with which the market is

heavily loaded, are to be had anywhere at 10 to 15 cents a dozen. By the box they are quoted at 75 cents to \$1.75 and at these figures they are going actively.

Grapes took a sharp drop in the wholesale market yesterday, and today at the retail stores they are going at the lowest prices known since the opening of the season, fancy Tokays, Muscats, Malagas and Blacks selling at 5 cents a pound, or 15 cents a basket of four pounds, and at sim-

ilarly low figures by the crate.

Fresh prunes are also coming in freely now, and the best offerings are selling at 20 cents a basket of about six pounds.

In the new apples now coming to market the Gravenstein and Wealthy from southern Oregon hold first place with the public, but with the short season fruits so much in evidence for the time, the demand for apples is not what it will be a month hence. The best offerings now in the market are going at 15 to 25 cents a dozen.

IMPERIAL ADDITION

Imperial addition was opened in May. We have sold 45 lots, a great many of them to people who expect to build on them in the near future. When we opened the addition we advertised that we would give away one lot to the purchasers of the first 25. This we have done! The lot owners deciding it by a drawing, Phil L. being the lucky man. Now we are going to make the same offer on the next 25 lots sold. We are also going to commence building a neat modern bungalow in this addition to sell on easy terms, and will continue to build them as long as there is a demand for houses. In our judgment,

MEDFORD WILL DOUBLE IN POPULATION

in the next two years. Next summer East Main street will be paved and East Side values will double up. Now is the time to buy a lot in Imperial addition—a small amount of cash down and your own time on the balance.
