

NO EGGS IN THE LOCAL MARKETS

For the past three days there have been no eggs in the local markets, and dealers state that there is as yet no signs of arrivals. Eggs may have to be shipped, Jackson county having hens having evidently gone on a strike.

The markets continue to show a good offering of seasonable vegetables and fruits. Watermelons and cantaloupes are plentiful as are tomatoes.

BUTTE FALLS ITEMS.

Joseph Geppert was a visitor to the Falls on Friday, looking after some horses.

Mrs. Ed Walker is the mother of a fine bouncing baby boy, weighing eight pounds. We congratulate Ed, Mother and child are in health.

It is currently reported that the Iowa company has secured the railroad tie contract and that the mill will soon start up with a large crew.

Frank Brown of Eagle Point is said to be figuring on the railroad construction contract from the present terminus to Butte Falls.

Mrs. A. M. Barritt has purchased a residence lot near the schoolhouse for \$75.

Mrs. Jennie A. Handshy has contracted for a house and lot near the Heckathorn residence.

George Coram, T. J. Coram, Horace Geppert and a party from Medford have gone on a hunting trip to Blue canyon and other points.

Engineer Mills and wife have removed from the Falls to Klamath Falls, as it appears that the Dewing interests have in view some projects in that country, and it is not likely that any present movement from this source is probable and that the Dewing timber holdings hereabouts will lie dormant for some time to come; but it is expected that the Allen and Hart companies will push matters at this end, and they will have the sympathy as well as the encouragement of the people, for there has been too much dilly-dallying and there appears to be a lack of harmony among the chief parties concerned.

Professor J. W. Miller came to town Saturday to have his hand dressed, he having severed his thumb while cutting stove wood on his homestead claim.

Beulah Hildreth and wife have removed for the winter to their homestead.

J. A. Rayburn met with a painful accident while working with the edge at the mill, he having gotten the nail of the fourth finger torn off from his right hand.

Sunday a game of ball between the Butte Falls and Derby nines resulted in a score of 9 to 8 in favor of the Falls team.

Aaron Beck and several other parties left this (Monday) morning for the valley and will bring back a load of supplies.

Several of our citizens have gone as witnesses to Jacksonville.

Mrs. Mills left for Klamath Falls on Monday to join her husband who will be at work there during the winter for Dewing brothers.

School opened with two teachers

and quite a good attendance of pupils on Monday, September 13.

S. M. Clevenger, Rodney Baker, Ranger Holst and family took a trip on Monday to the valley.

Mr. Boswell of Central Point is hauling out his shingles, having sold them.

The railroad surveyors have moved their camp from Vestal's to Kerby, six miles from the Falls.

Mr. Ketch, a capitalist of the east, is here looking after mill site and timber.

J. J. Patton of Eagle Point was delivering fruit and vegetables around town on Tuesday, which he had on sale.

Medford parties are seeking to rent houses in the Falls, as they are confident of the coming of the railroad.

Vice-President Gearig and Engineer Sawyer were in Butte Falls on Wednesday passing over the railroad survey to this point.

Our mill has gotten a large contract for railroad ties and the mill will probably run all winter.

It is very encouraging to find the Medford so enthusiastic over the near completion of the railroad to Butte Falls, and it will not be but greatly to their advantage to come into touch with this section, as trade will be thereby increased and a fine country opened up to settlement.

Our merchants are bringing in large supplies and laying in their winter goods, as it is expected that the railroad camp will be established near the town shortly.

We are glad to learn that the Dewing and Allen interests have gotten together and will work in harmony. In unity there is strength.

Wonders of Yellowstone Park at The Savoy.

Yellowstone Park is the "mecca" of all sightseeing tourists, because many of the greatest natural wonders of the world are enclosed within its limits. Tonight at "The Savoy" you will have an opportunity of gazing upon many realistic reproductions of the grandest wonders in "nature's workshop." No words can describe the rare beauty of this picture. You must see it to appreciate its grandeur.

The balance of the program is composed of three strong subjects, two dramatic and one roaring trick comedy, rounding out a very high-class entertainment of the latest and best motion pictures to be had. Entire change of program tonight. One dime
