# ATTENTION

Those who are looking for good investments can do no better than to investigate this beautiful property

Twenty-eight fine lots located on Main street, six blocks west of the business district. Main street is being paved, water mains are being laid, sewer is in, cement walks going in, cross street 60 feet wide. Lots are 50x137, front lots 70x140. Always accessible, either on foot or wheel on account of paved streets. Building line 25 feet from front of lots.

There is no question but what one will make 50 to 100 per cent on the investment in the course of a year. Medford is growing very rapidly and without question this is the cheapest property within the same radius of anything in the city today. The price and the terms are reasonable. Come and look this over and be convinced.

We also have a splendid business property, of large size, that will stand investigation. The present price will look cheap in a year's time.

Also have 40 acres first-class fruit land that can be traded for city property. This is some distance out, well located, easily cleared and no waste or steep land. Now what have you to offer?

# IMPERIAL ADDITION

Imperial addition was opened in May. We have sold 45 lots, a great many of them to people who expect to build on them in the near future. When we opened the addition we advertised that we would give away one lot to the purchasers of the first 25. This we have done. The lot owners deciding it by a drawing, Phil Loosly being the lucky man. Now we are going to make the same offer on the next 25 lots sold. We are also going to commence building a neat modern bungalow in this addition to sell on easy terms, and will continue to build them as long as there is a demand for houses. In our judgment,

## MEDFORD WILL DOUBLE IN POPULATION

in the next two years. Next summer East Main street will be paved and East Side values will double up. Now is the time to buy a lot in Imperial addition—a small amount of cash down and your own time on the balance.
