feed. Now you will sure come, won't you? For in the mangers and on and under the tables there will be placed both unlocked and untied—pea vine in abundance and large goblets of pure, sparkling, cold water—besides many other good things to eat and drink. Smoking in bed after the banquet will be strictly prohibited.

A lodge can be instituted but once and we want you here at the ceremonies.

Come, help fill out the circle, get your horns readjusted, let us shake hands with you. Come and sing and dance and talk and break bread with us.

"When the big time is all over, You'll want to come again. For you'll find there's no one in the bunch But a happy lot of men."

We will be glad to see you all and will try to make you feel at home. Fraternally yours,

THE MEDFORD ELKS, Medford, Oregon, September 10, 1909.

One of the bits of verse with a serious vein reads:

The thing that goes the farthest, Towards making life worth while, That costs the least and does the most, Is just a pleasant smile.

The smile that bubbles from a heart That loves its fellow men, Will drive away the cloud of gloom And coax the sun again.

It's full of worth and goodness, too, With manly kindness bent, It's worth a million dollars And it doesn't cost a cent.

Then there are the ones to provoke a smile, such as:

Here's to the temperance banquet, With water in glasses tall, And coffee and tea to end with, An' me not there at all.

Or this:

When you're dead and the flames are hot, You'll be surprised at things forgot, You'll wipe your brow, and heave a sigh, For waterwagons you let go by.

EUGENE CHILDREN TAKE 55 TEACHERS

EUGENE, Or., Sept. 21.—The Eugene public schools opened today with the largest attendance they have ever had. The increase in population during the past year is well demonstrated in the enrollment this morning. Although two additional buildings were erected during the summer, all are nearly full and it is apparent that more buildings will be required in a couple of years if the increase in population is as rapid in that time as it has been in the past two years. There are 55 teachers employed.
