

MANAGER OF APPLE SHOW ON WAY HERE

Working Up Exhibits of Apples for the National Apple Show to Be Held Soon in Spokane.

WILL CONFER WITH CLUB COMMITTEE ON EXHIBIT

Finley Says He Expects to Induce Several Growers to Enter Carloads.

SPOKANE, Wash., Oct. 9.—W. D. Finley, assistant manager of the national apple show, incorporated, has started on a tour of eastern Washington and Oregon and in going through the fruit belt in the last named state he will visit Salem, Albany, Medford, Ashland, Baker City, La Grande, Pendleton, Eugene, Grants Pass, Irrigon and other places during the next ten days to confer with growers regarding their entries at the second national apple show in Spokane November 15 to 20, when \$25,000 in prizes and premiums will be awarded in 20 class competitions.

"We have already received a number of entries in the district, 10-box, 5-box and other exhibits," said Mr. Finley, "but we look for several growers to compete for the sweepstake of \$1000 in gold and the title of quality apple king of America. From what I have been able to learn in conversation with buyers who have visited the various districts there is every reason to believe that the growers in Oregon can carry off some of the big prizes at the coming exposition."

"The first show was such a tremendous success and did so much for the various districts in the northwest that we believe the second venture will be even more important."

Upon Mr. Finley's arrival in Medford he will be met by a committee of the Commercial club, which has in hand the matter of making arrangements for exhibiting two cars of Rogue River apples.

THAT THE MUTUAL LIFE has paid to members, living and dead, over \$836,000,000?

THAT THE MUTUAL LIFE is transacting business for its members at a lower cost than any other American company today?

THAT this enables THE MUTUAL LIFE to distribute to its members over \$11,000,000 in cash dividends this year, 1909—a larger amount than was ever paid by any company in one year?

THAT THE MUTUAL LIFE now holds, and has previously paid, over \$125,000,000 more to its members than has been paid by them? Unequaled by any company.

THAT THE MUTUAL LIFE'S assets of over \$539,000,000 and its surplus fund of over \$87,000,000, all belonging mutually to its members, make it the strongest financial institution of its kind in the world?

THAT some of its policies will exactly suit the conditions that surround you?

THAT profits of stock companies go to swell the profits of stockholders, not the policyholders? Do not be deceived. There is no stock in THE MUTUAL LIFE to be counted as an asset instead of a liability.

DO YOU KNOW the difference between a stock company, or a stock mutual company, and a purely mutual company like THE MUTUAL LIFE INSURANCE COMPANY OF NEW YORK?

THAT new companies are an experiment. Results are uncertain. Can you afford to burden future years with such risk or uncertainty? There is no uncertainty about THE MUTUAL LIFE now or in the future.

DON'T YOU think it wise to ascertain why THE MUTUAL LIFE expends only 8.39 per cent while some other companies pay out so very much larger a percentage of their incomes in expenses of management? It is the difference between profit and loss.
