Do You Know

THAT THE MUTUAL LIFE is a purely Mutual Company run for members by members?

THAT THE MUTUAL LIFE is 66 years old?

THAT THE MUTUAL LIFE has paid to members, living and dead, over \$836,000,000?

THAT THE MUTUAL LIFE is transacting business for its members at a lower cost than any other American company today?

THAT this enables THE MUTUAL LIFE to distribute to its members over \$11,000,000 in cash dividends this year, 1909—a larger amount than was ever paid by any company in one year?

THAT THE MUTUAL LIFE now holds, and has previously paid, over \$125,000,000 more to its members than has been paid by them? Unequalled by any company.

THAT THE MUTUAL LIFE'S assets of over \$530,000,000 and its surplus fund of over \$87,000,000, all belonging mutually to its members, make it the strongest financial institution of its kind in the world?

THAT some of its policies will exactly suit the conditions that surround you?

THAT profits of stock companies go to swell the profits of stockholders, not the policyholders? Do not be deceived. There is no stock in THE MUTUAL LIFE to be counted as an asset instead of a liability.

Do You Know

DO YOU KNOW the difference between a stock company, or a stock mutual company, and a purely mutual company like THE MUTUAL LIFE INSURANCE COMPANY OF NEW YORK?

THAT new companies are an experiment. Results are uncertain. Can you afford to burden future years with such risk or uncertainty? There is no uncertainty about THE MUTUAL LIFE now or in the future.

DON'T YOU think it wise to ascertain why THE MUTUAL LIFE expends only 8.39 per cent while some other companies pay out so very much larger a percentage of their incomes in expenses of management? It is the difference between profit and loss.

HILL THOUGHT TO BE HEADED FOR LAKEVIEW

LAKEVIEW, Or., Oct. 12.—Straws show which way the wind blows. Within the past year there have been in Lakeview two presidents and an ex-president of the Oregon Trunk railroad, James J. Hill's new line, now building up the Deschutes, whose objective is supposed to be San Francisco.

If any further proof were needed that Lakeview is to be on the route across central Oregon, it would seem to be found in the fact that the Hill interests have recently purchased the large Henry Heryford ranch, two miles north of town. For what other purpose can railroad men want this 700-acre tract if not for a division point midway between the Columbia river and the Golden Gate?

Usual High-Class Pictures at The Savoy.

Oh you Savoy! Your pictures cannot be beat. The subjects are all good. They are clear and filletless and as steady as a rock wall. If you want to enjoy almost an hour of good, solid amusement attend the "Savoy" tonight and view the pictures. "Gratitude," "The Sealed Room" and "Little Darling," each one is the best of its kind, chock full of amusement.

Entire change of program tomorrow night. Watch for it. One dime.
