#### More Than Enough Is Too Much.

To maintain health, a mature man or woman needs just enough food to repair the waste and supply energy and body heat. The habitual consumption of more food than is necessary for these purposes is the prime cause of stomach troubles, rheumatism and disorders of the kidneys. If troubled with indigestion, revise your diet, let reason and not appetite control and take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be all right again. ## The Verdict of the Nations

People of all nations are adopting WALK-OAER shoes in preference to their native

shoes in spite of the fact that foreign labor is cheap and that a very high duty is placed on American made shoes. Could any but the very best be sold under those conditions?

WALK-OVERS are sold in 44 different countries.

Prices in this country are \$4.00-4.50-5.00
