

EARLY SHIPMENT of NURSERY STOCK

On or about November 1st we will have on hand for immediate delivery a large stock of the choicest varieties of

Apples, Pears, Peaches,
Apricots, Grape Roots

and all kinds of high grade Nursery stock. Among these will be found Newtown and Spitzenberg apples, Bartlett, d'Anjou, Comice, Bose, Winter Nelis and Howell pears, Elberta, Early Crawford, Late Crawford, Muir and other

standard varieties of peaches. In connection with our peach shipment it will not be amiss to state that they will be very scarce this season, and we only have 10,000 in all, and if you are expecting to set out any you should

ORDER NOW

and let us reserve them for you. The nurseries are unable to fill their orders on some varieties of pears, and if you have not already ordered your supply of us, do so now be-

fore it is too late.

In conclusion we desire to state that we, like other concerns, are not in the trust, to the extent that

WE SELL FOR CASH

and cash only, and in this way you pay for only what you get, instead of having to stand the burden of some other fellow's possible bad account.
