

EXAMINATION FOR FORESTRY SERVICE

Uncle Sam makes a call for men with vigorous minds in vigorous bodies to become forest rangers.

The United States civil service commission will hold an examination for this position at every national forest headquarters in the states of Washington and Oregon and Alaska, included in this district, on Monday and Tuesday, October 25 and 26.

The examination will be along thoroughly practical lines and will consist of questions regarding land surveying, estimating and sealing timber, the land laws, mining and the livestock business, supplemented by a field test to show the applicant's fitness to perform the actual work of a ranger. Rangers must be between 21 and 40 years of age at the time of taking the examination, able-bodied and capable of performing hard manual work. Thorough familiarity with the region in which employment is sought is essential, together with actual experience in the kinds of work required of forest officers.

The forest service desires to maintain the highest possible standard of efficiency and the degree of advancement of competent men in the service is governed entirely by their capacity. The initial salary is \$900, with the beginner who starts in as assistant forest ranger. Through good work a ranger can rise to the position of forest ranger with a maximum salary of \$1200 to \$1500.

The next step in promotion is to the position of deputy supervisor on a national forest. Rangers who competency in particular lines of work, such as claims examinations and marking and sealing timber are advanced and paid according to the importance of the work in which they are engaged.

CHICAGO "TAG DAY" FOR CHARITY BRINGS \$35,000

CHICAGO, Oct. 22.—Thirty-five thousand dollars in pennies, nickels, silver and bills was paid by Chicagoans to the several hundred pretty girls and women who "tagged" for charity's sake yesterday. The money was divided among 16 charitable associations for children. The "tagging" is an annual event.

Acreage Property At A Bargain

We have three acres, just outside the city limits, platted all around it, with a new five-room house, which we consider a bargain at

\$2200

The property faces on two streets and would subdivide nicely. There is an electric motor and pump which goes with the place, and the well would supply water for irrigating.

The owner has made the price low in order to sell quickly, and the property will be on the market but a short time at this price.

ORDINANCE NO. 231.

An ordinance declaring the assessment on the property benefited for the cost of laying a water main on Summit avenue and directing the recorder to enter a statement thereof in the water main lien docket.

The city of Medford doth ordain as follows:

Section 1. Whereas, the city council did heretofore by resolution declare its intention to lay a 4-inch water main on Summit avenue from West Main street to West Fourth street, and to assess the cost thereof on the property fronting on said portion of said street in proportion to the frontage of said property, and did fix a time and place for hearing protests against the laying of said water main on said portion of said street, and the assessment of the cost thereof as aforesaid; and,

Whereas, said resolution was duly posted and published as required by section 116 of the charter of said city; and,

Whereas, a meeting of the council was held at the time and place fixed in said resolution for the purpose of considering any such protests, but no protests were at such time or at any time made to or received by the council to the laying of said water main or the assessing of the cost thereof as aforesaid, and said council having considered the matter, and deeming that said water main was and is of material benefit to said city and that all property to be assessed therefor would be benefited to the extent of the probable amount of the respective assessments levied against said property, did order said water main laid; and,

Whereas, the cost of said water main has been and hereby is determined to be the sum of \$695.60;

Now, therefore, it is hereby further determined that the proportionate share of the cost of laying said water main of each parcel or the property fronting on said portion of said street is the amount set opposite the description of each piece or parcel of land below and that each such piece or parcel of land is benefited by the laying of said water main to the full extent of the amount so set opposite the description of such piece or parcel, and that the respective amounts represent the proportional benefits of said water main to said respective parcels of property, and also the proportional frontage thereof on said portion of said street, and the council does hereby declare each of the parcels of property described below to be assessed and each of the same hereby is assessed the amount set opposite each respective description for the cost of laying said water main:

ORDINANCE NO. 232.

An ordinance declaring the assessment on the property benefited for the cost of laying a water main on Ross court and directing the recorder to enter a statement thereof in the water main lien docket.

The city of Medford doth ordain as follows:

Section 1. Whereas, the city council did heretofore by resolution declare its intention to lay a 4-inch water main on Ross court from West Main street to West Fourth street, and to assess the cost thereof on the property fronting on said portion of said street in proportion to the frontage of said property, and did fix a time and place for hearing protests against the laying of said water main on said portion of said street and the assessment of the cost thereof as aforesaid; and,

Whereas, said resolution was duly posted and published as required by section 116 of the charter of said city; and,

Whereas, a meeting of the council was held at the time and place fixed in said resolution for the purpose of considering any such protests, but no protests were at such time or at any time made to or received by the council to the laying of said water main or the assessing of the cost thereof as aforesaid, and said council having considered the matter, and deeming that said water main was and is of material benefit to said city and that all property to be assessed therefor would be benefited thereby to the extent of the probable amount of the respective assessments to be levied against said property, did order said water main laid; and,

Whereas, the cost of said water main has been and hereby is determined to be the sum of \$773.15;

Now, therefore, it is hereby further determined that the proportionate share of the cost of laying said water main of each parcel of the property fronting on said portion of said street is the amount set opposite the description of each piece or parcel of land below and that each such piece or parcel of land is benefited by the laying of said water main to the full extent of the amount so set opposite the description of such piece or parcel, and that the respective amounts represent the proportional benefits of said water main to said respective parcels of property and also the proportional frontage thereof on said portion of said street, and the council does hereby declare each of the par-
