CENTRAL POINT ITEMS.

(The Herald.)

Mrs. Eliza Meyers of Laidlaw, Or., arrived Tuesday evening to visit for a while with her niece, Mrs. G. W. Jeffers. She expects to remain about a month.

I. C. Robnett, F. H. Maddox and Tyson Beall of Central Point have been drawn on the jury list for the first term of the new federal court at Medford.

Mr. and Mrs. H. T. Pankey visited at the home of her parents, Mr. and Mrs. P. Olsson, over Sunday.

Mrs. George Breeding of Condon arrived and is visiting for a few days with her mother, Mrs. Frank Clark. She expects her husband to join her within a few days, when they will commence housekeeping here.

Alex Hanley of Burns, Or., is here this week visiting his uncle, Ed Hanley, and family and other relatives and friends. Mr. Hanley left this valley eight years ago and was surprised on his return to see so many changes in the country.

Louis Pankey, who has been hunting in the upper Rogue River country, returned to town the fore part of this week. He succeeded in bagging one bear. As Mr. Pankey was hunting in the same locality as was Jim Grieve during summer, this will partially substantiate some of those bear stories that Jim has been handing out to his friends about town. At times we were much in doubt about them.

W. A. Shoemaker of Portland, was in Central Point the fore part of this week visiting with Jim Grieve and family. Mr. Shoemaker and Jim served through the Philippine campaign together—being tent mates in the Second Oregon volunteers. Mr. Shoemaker is now a deputy sheriff of Multnomah county.

Albert R. S. Cutler, who recently purchased 12 acres of the Norecross orchard, received a letter a few days ago from his former home at La Grande, which stated that buyers are offering only \$1.25 per box for the best grade of apples. When the letter was written a gale was blowing which was whipping thousands of apples from the trees. Mr. Cutler is right glad that his stakes are set in the Rogue River valley.

Mr. and Mrs. C. Clemison and Mr. and Mrs. T. C. Johnson of Grand Forks, N. D., were here last week visiting Mr. and Mrs. A. T. Ellistad and family. They have been making a tour of the coast and have looked over most of the best fruit sections and all were more than pleased with this valley, declaring it to be ahead of all the other places visited. It is highly probable that both families will return and locate permanently within the next year.

ORVILLE WRIGHT SAYS

FLYING NOT DANGEROUS

PARIS, Oct. 23.—Orville Wright has outlined his views on the subject of mechanical flight.

"There is not as much danger in flying as there is in automobile racing," he said.

"We now turn out motors that will run regularly for a short time, 49 times out of 50, and in ten years, or five years, or even two years, I think there will be an aeroplane motor absolutely reliable.

"We will soon build a machine for speed, to be used with our present motor, to show what can be done. It will go faster than any machine you have seen over here."

"How far can you fly in one of your present machines?" he was asked.

"In Berlin," he answered, "I took up as a passenger a man who weighed 225 pounds. I had 75 pounds of gasoline on board. I could replace the weight of the man with gasoline and that would give me 300 pounds of fuel. With that I could fly 300 miles."

"Yes, anyone who can run an automobile can fly. It is not nearly as difficult or dangerous as automobile racing."
