### EDITORIAL.

Our stock of newspaper arrived last Monday. It is the best quality of newspaper made in Portland, and, hereafter, we shall use none but the best.

Ashland will be further benefited if the Normal school is established in the University building, for besides bringing people here to reside, it offers a glorious opportunity for the extension of the education of the young people here.

Things appear to always work rightly for the ADVERTISER. The calendar for 1895 is so arranged that the 4TH OF JULY falls upon the day after our publication, while many other journals will have to hustle to appear the day before or wait until the day after the 4th.

The ADVERTISER's subscription list is growing very rapidly, which is evidence that the people know and appreciate "a good thing" when they see it. Call around and deposit your quarter for a year's subscription, also.—The week's news "in a nut-shell" for only twenty-five cents a year.

### LOCAL BREVITIES.

The new time card went into effect last Monday, bringing the South bound train in at 12:40 instead of 10:40, and not changing the North bound. The trains pass at Siskiyou.
