Fourth of July in Ashland.

Great preparations are being made for the celebration of the Fourth, next Saturday, and the celebration will be the grandest ever held in Southern Oregon. Nearly all the lodges, societies, etc., are at work arranging floats for the morning parade.

Almost every available conveyance from down the valley has been secured by the people in that section to come to Ashland, and an immense crowd will be the result.

A Large Merry-go-round.

Wade, Walker & Smith, of California, are in Ashland, opposite Ganiard's opera house, with their large, fifty-foot, steam-power merry-go-round. This swing is the largest and best that has ever visited our city, and will add materially to the attractions of the celebration July 4. The machine has twenty-four hobby-horses and four carriages, ordinarily

carrying forty people, but with additional seats, carries fifty-six people. An imported German organ furnishes music while the swing is in operation. Unlike ordinary merry-go-rounds, this one is fitted with improved rocker motion, making an easy, pleasing ride. Five cents is the price of a swing of five minutes.

Improvement.

When a man decides upon improving his shop, factory or farm by the addition of power, he naturally looks for something entirely up to date. He investigates, considers, and finally decides to buy an Ajax Coal Oil Gas Engine as meeting his requirements more fully, and being safer than any other power obtainable. Palmer & Rey, San Francisco, Cal., the manufacturers of this engine, have gained the gratitude of the public by placing within its reach a reliable, economical power, that defies the restrictions of the insurance companies. It is the latest and best.

Annual Rose Carnival.

The ladies of the Trinity Guild are preparing for their annual Rose Carnival. It is their intention to make this a county affair and give our neighbors an opportunity to have the young lady of their choice crowned queen. The voting places in Ashland will be at P. W. Paulson's, G. W. Vaupel's and Hotel Oregon, where all are invited to vote for their Queen at five cents a vote. Further particulars later. All communications from neighboring towns, regarding

voting, etc., should be addressed to the secretary, Mrs. Luella Rogers, Ashland, Oregon.

Up Grizzly Peak.

A party of Ashland people left Ashland last Thursday morning for the summit of Grizzly Peak, returning home in the evening. There were nineteen who made the trip, and among them was little Beatrice Jacobs, who is credited with having climbed to the top as easily as some of her older companions.

The persons composing the party, are as follows:

Mesdames. Engle, Otto, Vaupel, Cutz and White; Misses Miller, Mark, Gleason, Engle, Cutz sisters and Jacobs sisters; Messrs. Hevener, Storms, Engle, McDonnel and Galey.
