Accident on the Stage Line.

An accident occurred on the Ashland-Klamath Falls stage line between Howard's station and Shake last Thursday evening. The mail wagon from Ashland was just ready to start from Howard's when the team ran away. The driver was thrown out, but retained his hold on the reins for some distance. The wagon was completely wrecked. The team was overhauled about two miles up the road. Another wagon was obtained at Hart's, and the mail taken on to Parker's station.

Are You Satisfied?

If you want water only when the wind blows; if you are satisfied to utilize but a small fraction of the water in your well; if you prefer heavy damages for repairs after each storm in winter, by all means use a windmill; but if you want water at any time, and up to the full capacity of your well, put in an Ajax Coal Oil Gas Engine, the latest thing in mechanics, an engine that uses common coal oil for fuel, and is built by the well known firm of Palmer & Rey, San Francisco, California.

Sunday School Picnic.

Last Saturday, the Junior S. S. class of the Congregational church enjoyed a jolly picnic at the home of their teach-

er, Miss Susie Homes.

Among other "marvelous" performances, they specify a climb to the summit of "Dunn's Peak," Florence Dodge, Lucinda Bryant and Myrtle Vaupel being the first to reach the top. "Amateur Mazamas."

Teacher—What is an island?

Little Johnny (sympthizing with Cuba) A body of land almost entirely occupied by insurgents.

During the past week, the executive committee of the G. A. R. Reunion have been active in completing preparations for the grand time that is now in progress. The large arches were covered with cedar boughs, and otherwise tastefully decorated. A "tin soldier," pretends to mount guard over the lower arch. An "Angel of Peace" and a "Goddess of Liberty," adorn the pair of arches near the opera house.

"I believe in a man living up to his principles," said Uncle Allen Sparks. "Now, I have a neighbor who is a howling silverite and is always talking about the crime of 1873, but whenever he finds that someone has passed a Canadian ten-cent piece on him, he saves it to throw into the contribution-box at the church, and I've got him down in my hypocrite book as the biggest fraud of them all."
