Fruit Growers' Meeting.

A meeting of the local fruit growers was held in the city hall last evening. There was a good sized attendance; a number of ladies were present.

C. B. Jeffreys, of Portland, attended the meeting, and made the following proposition:

"We propose to open packing houses,

furnish all material and labor connected with the packing, and charge 13½ cents a package loaded on board the cars, this charge to be deducted from the proceeds of the fruit when sold. After the receiver deducts the freight, refrigerator charges, packing charges and 8 per cent. commission, he will make the returns direct to the individual grower."

Mr. Jeffreys would realize a commission of \$75 to \$80 on each car of fruit, and requests a guarantee of at least 50 carloads. While Ashland people are desirous of disposing of their fruit to the best advantage, they are not eager to pay \$4000 or more for a season's experience. Another meeting is called for tomorrow (Thursday) evening.

California Shaken by an Earthquake.

A report from San Francisco, under date of June 20, says:

Two sharp and severe shocks of earthquake were felt here today, the official time of the first, as taken by the United States bureau, being 12:14:04. It was followed almost immediately by a second shock. The vibrations were from west to east. Clocks were stopped, and suspended lamps and decorations were broken in some places, but no real damage is reported. The shock was the most severe experienced here for many years. The earthquake was general throughout the state.

Umbrella Saved Her Life.

OREGON CITY, June 20.—A 12-year-old daughter of a section foreman fell through the railroad bridge at the Clackamas last evening, a distance of fully 12 feet, to the jagged rocks below. She was carrying an umbrella, which opened as she fell, and served as a parachute to ease her fall, and her injuries consist merely of bruises, from which she will recover.—Oregonian.
