Take Carel There is Danger In allowing inactivity of the kidneys to grow through neglect. The deady shoals of Bright's disease and diabetes will wreck the goodly bark of health if it is allowed to drift radderless upon them. The bladder, too, if inactive, and judielous mediaction does not specifily direct the heim toward the port of safety, will be whelmed by the quicks and of disease. In selecting a diuretic, let your otholee fail upon Hostetter's Stomach Hitters, which stimulates the renal organs without irritating and exciting them, two effects to be apprehended from the unmedicated stimul largely resorted to. These have a tendency to react prejudicially. The Bitters invigorate the kidneys and bladder, in common with the nerves and the digestive organs, and so afford least aid.
