J. D. Irvine,

The stone walk which has been in
construction the past week was finished
Saturday. It is a fine piece of work,
and gives the city a metropolitan air.

G. W. Smith, of Waitsburg, Wash.,
arrived here Saturday. Mr. Smith and
his daughter, Ella, who has been visit-
ing in Independence for some weeks
took the overland train for San Fran-
cisco Sunday evening, via Salem. Miss
Ella Smith intends entering the art
school of that place.

The eight annual catalogue of the
Oregon State Normal school is before
us. Prof. J. L. Dunn is the new profes-
sor, of Mathematics and Physics. The
prospects for the coming year are
more flattering than ever, and the
light expenses of board and tuition
prove a drawing card. Fall term
opens Sept. 23 1890.

Polk County will be held in the court house
at Dallas. All applicants are expected to be
present at the opening session.

W. J. REYNOLDS,
School Supt. of Polk Co.

The electric lights at Dallas are not
running on account of the scarcity of
water and a steam engine will
be required. Work on the tram-
way has ceased owing to trouble over a
right of way.

The name of F. L. Linch, who found
the money in a handkerchief last week
should have been F. A. Link, of Inde-
pendence. Loser of money will be
governed accordingly. Mr. F. A. Link
instead of Linch raised nearly 40 bushels
of wheat to the acre on seventy acres.

NEW FIRM.

They say a new broom sweeps clean,
and this seems to be the rule with
some, for around at Beamer & Craven's
harness shop a complete renovation
may be noticed. The fine harness is
tastily displayed in the store, the sad-
dles and bridles are in plain sight on
the left, and other horse furnishing
goods on the right. Carriage robes are
suspended on wires and horse collars
are hung along the walls. Harness
hardware is neatly shelved and the
novelties are in showcases. Their store
presents a very neat appearance and
the boys intend keeping first-class
goods and pleasing their customers if
possible.

It is expected that the Independence-
Monmouth motor line will be ready to
operate Saturday morning and the
company proposes to open its two cars
and give everybody a free ride to
Monmouth and return Saturday morn-
ing. Remember it is Saturday morn-
ing only. The regular fare on the
road has been placed at the low rate of
five cents each way. Commencing
Saturday afternoon fare will be col-
lected. Trains will run all day Sun-
day.

A tramp came inside the motor en-
gine as far as Portland. He had a nice
cozy place to sleep, better than riding
on the brakes.

The contract has been let to Hutch-
ins & Jackson to construct an iron
roundhouse for the Motor Railway Co.
30x60 feet. Work has already com-
menced.
