CONFIDENCE.

That there is an undercurrent of confidence in the future of Independence no one can deny...

In the first place hard times prevail all over the United States, caused by financial stringency...

We have ventured this week to jot down some of the instructive lessons we learn from our visiting friends...

Many a law is a dead letter because the public fails to enforce it...

An editor's life is not one of luxury nor his couch one of down. He advises other people how to spend their money...

Whether President Harrison's visit to the Pacific coast has any political significance we know not...

The need of a night watch who will remain on duty all night is becoming more apparent each day.

SUGAR BEETS. The Board of Trade of Independence has caused some experiments to be made in the raising of sugar beets...

posed to still further test the matter by, if possible, making contracts for large quantities of sugar beets...

In the effort to have experiments made in various sections of the State, for the purpose of ascertaining definitely whether sugar beet can be produced in Oregon...

Select a soil that will not become hard during the growing season. The sugar beet, if raised in proper soil...

Plow the land not less than twelve inches deep, the first plowing, as early in the season as possible. Plow very shallow the second time...

The ground must be thoroughly pulverized on top, and the seed planted in drills fifteen inches apart...

A light, sandy loam, or alluvial soil is best. However, the best land in the county cultivated as is usually done in raising beets for stock...

Beets at smaller distances will produce more sugar and absorb less of the saline matters. Now, we know that the constituent properties of sugar are furnished entirely by the atmosphere...

It will be seen that there is some labor, and some risk attached to cultivating beets for sugar...

Secretary Rusk thinks that ignorance is to be blamed for the failure of the agricultural interests of the country to receive fair treatment from Congress...

The country seems to be waking up to the absurdity of "expert" testimony in legal trials. The chief inhabitant doesn't remember a trial in which the "expert" testified against the side that employed him...

Kelley, the inventor of the motor that does not move, will now try a flyer in literature by writing a magazine article on "Latent force."

Strikes have been more or less frequent this spring for shorter days, but the men who "point the town red," are still willing the brush twenty-four hours out of every day...

Uncle Jerry Rusk may not be learned in all the intricacies of European diplomacy, but his blunt American advocacy of retaliation by this government...

The resignation of Senator Edmunds deprives the republicans of the senate of a man they can ill afford to spare at this time. He will of course be succeeded by a republican...

There seems to be a good deal of humbug about Canadian reciprocity, both at Washington and in Canada. Everybody concerned may not be guilty of "playing to the grandstand," as the boys call it...

Senator Edmunds says the Farmers Alliance movement is only a temporary fever. Has the senator forgotten the story of the man who declined Noah's invitation to enter the ark...

Agreeing to the statement that the agricultural interests of the United States have been shamefully overlooked by congress in the past...

The Ruggles Oriental Circus company gave two exhibitions here last Monday and Tuesday evenings to a crowded tent. Every seat was occupied...

The performance on the double trapeze given by Master Charles and Little May held the audience spell-bound and the feats performed by them on the ladder balanced across the trapeze was simply wonderful.

Miss Carrie Ruggles in her performance is deserving of special mention, placing a lighted lamp on her forehead she laid down very carefully and placing a 12-inch ring over her head and feet at the same time...

Dr. Ruggles as a ventriloquist would be hard to surpass, he created much amusement and laughter, for which he received great applause from the audience.

The several acts of Pyramid building by Dr. Ruggles, Carrie Ruggles, Little May and Master Charles, were good, and brought forth merited applause.

Dr. Ruggles is the boss of the bones, and a whole show within himself. The company behaved well while here and we do not hesitate to pronounce their entertainment first-class in every particular...

Protect Your Health. Cold and moisture combined have a torpor effect upon the bodily organs...

A SOCIAL GATHERING. W. P. Ireland's Birthday Celebrated A Prosperous Farmer and a Happy Home.

On last Thursday, the sixteenth inst., occurred one of those social gatherings which mark a bright spot in domestic life. William P. Ireland had labored all day on his farm...

Among those participating were Mr. Church and wife, Lyman Damon and wife, Mr. and Mrs. J. E. Hubbard, and Mrs. Lemmon, Mr. and Mrs. Will Madison, Mr. and Mrs. A. Ireland and daughters, Miss Lemmon, Miss Huntly, Miss Masterson and many more...

There was nothing to mar the enjoyment of this pleasant festival unless it were the voracious appetite of our esteemed friend, Lyman Damon. His extreme length rendered it almost impossible for him to "fill up," but finally that appetite was satiated...

Such occasions as the one described give a new zest to life, and if they were more indulged in the friendly and social relations of farmers and neighbors would be promoted thereby.

Rev. A. F. Lott, of Presbyterian church, has received the news of the death of his mother in the East, and serious illness of his father...

This out is a faithful picture of the well known establishment of Thomas Price & Son, at 224 Sacramento street, S. F.

We have made careful chemical analyses of several well known brands of sarsaparilla, and have found them all with the single exception of J. P.'s to contain iodine of Potassium. As a result we are enabled to pronounce J. P.'s to be the only purely vegetable sarsaparilla now on the market...

OH, MY BACK! STOP IT NOW. SOON IT WILL BE TOO LATE. I have been troubled many years with disease of the kidneys and have tried many different remedies...
