FRIDAY, JANUARY 15, 1892.

OUR holiday exchanges were splendid, and we shall give an extended notice of each, next week.

GEN. ANDREW JACKSON said: True statesmanship will place side by side the farm and workshop.

CHAUNCEY DEPEW thinks Flower stands a good chance of being nominated by the Democrats for the presidency.

HON. J. W. WATTS, of Yamhill, has been appointed to fill the land office at Lakeview, vice Warren Truitt, resigned to accept the judgeship of Alaska.

THE law now in Portland is that no school is allowed within 400 feet of any school building.

ALL persons dealing with those who advertise in the WEST SIDE cannot, as a rule, do any better elsewhere.

SINCE all parties have had a fair and square hearing, concerning the management of the city affairs, now we rest the case, hoping that good may come of the discussion.

THE Roseburg Plaindealer makes its exit this week, and will discontinue its daily.

In a half column of local items printed last week in a North Carolina newspaper in a town of 3000 inhabitants nine colonels were mentioned, all residents of the town.

HON. JOHN SHERMAN, of Ohio, was re-elected U. S. Senator last week. Sherman is a man of considerable ability.

DR. W. H. MILBURN was elected chaplain of the House of Representatives at Washington this session without a political nomination.

THE New York court of appeals on Tuesday handed down a decision seating the Democratic candidates for the legislature in the contest in that state.

GEORGE WILLIAMS, the note shaving banker, Jap Minto, the bulleying ward striker, and C. B. Moores, who always has his plate extended to the office giving place, like Oliver Twist, are a pretty trio to represent the wool growers of Oregon.

"My friends," said the minister, "the collection to-day will be devoted to my traveling expenses, for I am going away for my health. The more I receive the longer I can stay." And, strange to say, the largest collection ever made was then taken.

THE Drain Echo and Cottage Grove Leader have been consolidated, and will continue as the Echo-Leader, and published at Cottage Grove. So Drain is without a newspaper.

ABOUT the only consolation that we can draw from the meeting of the Oregon Democrats in Portland last Saturday, is, that they have no "boss" politician nor "boss" newspaper in the state.

SENATOR DOLPH has issued invitations to eighteen senators to a dinner, at which they are to meet Senator Hill.

HIS DEMOCRACY IS OF A VERY ORIGINAL AND UNIQUE PATTERN.

Governor Penney, having given his ideas of what the next Democratic platform should be, it is perfectly safe to predict that he will not have much of a chance to assist in the building of it.

Indeed the governor's Democracy is "original and unique," for his honesty, and determination to do right at all hazards, is something not very common with the rulers of Oregon.

HOWLING AT THEM.

When the editor of the Star first came to Klamath land, he found Eastern hams, bacon, eggs, in every store, and saw that precious Klamath cash, and lots of it, went sailing across the Rockies for farm produce that should have been raised here.

But we sympathize with Bro. Bell, of the Independence West Side, who is thus shouting this cold weather at the laziness and heedlessness of man in his own section:

"It is a shame and a scandalous disgrace to the people of Oregon to have whole cartons of eggs shipped into the Willamette valley every winter from Iowa.

THE council meeting held Tuesday evening, January 5, was one of much importance, as it was the expiration of the term of office held by several members, and the swearing in of the newly elected mayor, M. Merwin.

W. P. CONWAY, on retiring from the office of mayor made some very conservative and excellent remarks.

H. C. FINCH was elected to fill the vacancy caused by the resignation of Coun. C. M. Merwin; and the newly elected councilmen, R. J. Wilson, First ward; A. S. Locke, Second ward; A. Wilson, Third ward; were sworn in to perform the duties of the office to the best of their knowledge and ability.

C. C. DOUGHEY is now sole proprietor of the Dallas Observer. Mr. Snyder is sole owner of the job department. Success to you both, gentlemen.

Ayer's Sarsaparilla

Stands at the head of all blood medicines. This position it has secured by its intrinsic merit, sustained by the opinion of leading physicians, and by the certificates of thousands who have successfully tested its remedial worth.

CURES

Scurf, boils, pimples, rheumatism, catarrh, and all other blood diseases. "There can be no question as to the superiority of Ayer's Sarsaparilla over all other blood-purifiers."

SCROFULA

Our doctor recommended Ayer's Sarsaparilla as being the best blood-purifier within his experience. "We gave her this medicine, and a complete cure was the result."

CLUB ORGANIZED.

A preliminary meeting by a number of Democrats was held in the opera house last Wednesday evening. It was decided to have a complete organization of the club next Tuesday night at the same place.

THE first printing press ever used in America was run in Mexico, about 1550, and the second at Lima, Peru, about 1558.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years it was supposed to be incurable. For a great many years doctors pronounced it a local disease, and constantly falling to cure with local treatment, pronounced it incurable.
