His Ambition.

A gentleman heard a young visitor in his house ask his own son aged six: "Which would you rather be—a walking policeman or a mounted policeman?"

"A mounted policeman, of course," said the boy.

"Why?" asked the other.

"Cause if the robbers came I could get away quicker."—Brandon Bucknaw.

He Was with His Mother.

A small boy sneaked out of a house on Croghan street the other evening and waited till the policeman came by.

"What," he whispered, holding up a finger, "stop a minute, will you?"

"What's the row?" inquired the officer.

"Ain't no row; leas'tways not much of a one."

"What do you want?"

"Want to ask you a leading question."

"Fire away."

"Would you run in a great big man for hittin' a woman?"

"Of course I would. Where's the man?"

"That's all right. Would you do it if he'd slap her face?"

"Sure, if I had a witness or two."

"Well, you wait here for a few minutes."

"What's up?"

"Chance for business, nabbe."

A Suggestion.

Travers—Look here, old fellow, my sister is going away for the summer, and I've got to borrow enough money to get her a blazer. What would you do?

Teacher (after reading the piece aloud)—Now, then, Harry, can you tell me why Ben Adhem's name led all the rest?

Harry—Yes, ma'am. The list was alphabetically arranged.—Harper's Bazar.

The Russian Good Linguists.

Charles Emory Smith, United States minister to Russia, speaking of incidents of his residence abroad, said: "I should say that the Russians were a contented people, and I may add, from what I saw, the stories of the nihilistic societies are greatly exaggerated."

Cost of Garters for New York Women.

A class of women with whom expensive and beautiful garters are a fad are the wives and daughters of some rich and showy folk, and even of those not very showy. Counting these thousands, a large garter dealer tells me that \$20,000 is a low estimate to put to their account.

Adjusted Watches.

Not one watch in a thousand is adjusted. Not one in a hundred is full jeweled. Examine the watches for sale in the most expensive cases, and it will be found that very few have the patent regulator, the full jewel mark, while the search may be long and vain to find one marked "adjusted."—New York Times.

Cycles in a Fire Department.

The Houston fire department has organized a cycle corps. The members carry on their backs axes, ropes, hooks, hose and other light apparatus. At a recent trial of this novel fire company the results were shown to be most satisfactory.—Outing.

A Born Diplomat.

"Did you give your schoolmaster anything during the holidays?"

"Yes," said the little boy, "I gave him a bottle of lotion to soften his hands."—New York Epoch.

Rightful Shipwrecks.

Staunch ships strike and founder, the fierce winds and mountainous waves sweep noble mariners' hearts of oak' to shipwreck and to death, yet that does not prevent the lubberliest landlubber from risking his life on the stormy Atlantic in the role of tourist or commercial traveler. But if he shall reach his destination safely he will scarcely have escaped some of the qualms of sea sickness, unless he takes with him Foster's Stomach Bitters, that infallible specific for nausea. Bad water on long trips is a threat to the voyager, but this may be deprived in a great measure of its disconcerting effects upon the stomach, bowels and liver by the Bitters. Against the prejudicial effects of malaria, bad diet, fatigue and exposure it is also efficacious. It averts, however, rheumatism and kidney troubles. Don't travel on sea or land without it.

What the Father Meant.

A young fellow, and not the most prudent one in town either, has a best girl on Third street and he went up to see her one evening last week. During the first few minutes, and until the accident happened, the young lady's brother assisted in entering the lady's room by his innocent and childlike
