AS THE SAN FRANCISCO and Willamette Hoop Co. are looking for suitable place for their factory, and finding that Independence has advantages over other towns which are desirous of securing their factory, they will start a factory with a capacity of 10,000 sawed hoops per day.

THE COMPANY will not accept anything but an agreement until they are manufacturing from 10,000 to 20,000 per day. Now if the town of Independence and surrounding country think such an enterprise would be worth a small subsidy to them, they can secure the same by agreeing to pay said subsidy to the general managers as soon as the company are manufacturing from 10,000 to 20,000 hoops per day.

AS THERE ARE times when you couldn't stop people from buying everything you have for sale, said a prominent advertiser to our reporter, "if you planted a cannon behind the door, and right then is when some business men send their advertisements out on their holy mission. It makes light and easy work for the advertiser, for a chalk sign on the sidewalk could do all that was needed, and have a half holiday for six days in the week; but who wants to favor an advertisement? They are built to do hard work and should be relentlessly sent out in the dull days when a customer has to be struck between the eyes with hard facts, kicked insensible with startling bankrupt reductions, and dragged in and lain on the counter with irresistible slaughter of prices before he will spend a cent."

PHRENOLOGIST.—Your brain of imagination is abnormally large, sir. You should write poetry. Visitor—I do write poetry. Only yesterday I took a poem to an editor, and that bump you are feeling is where he hit me. Don't bear it on it so hard.—Trib-Bite.
