is no other than Mr. John Stewart, one of the
weatthiest and most influential citizens in the
country. In a recruil letter he says: "I had been
suffering from pains in my back and general kidney complaint for some time, and had used many
remedies without any but temporary relief. The
pains in my back had become so severe that I was
prevented from attending to my work and could
not move about without the use of a case. Hearhig, through a friend, of the wonderful cures effected by Oregon Kidney Tea, I was induced to try
a box, and from that very first dose I found instant
relief, and before using half the contents of the
box the pains in my back entirely disappeared.
I have every faith in the virtues of the Oregon
Kidney Tea, and can conscientiously recommend
it to my friends. I would not be without it for
anything."
