COUNTY CENTRAL COMMITTEE. L. C. Parker, chairman. In the Nick of Time.

The nick of time to stop the course of bladder and kidney complaints is when the organs concerned exhibit a tendency to grow inactive. The healthful impulse toward activity that they receive from Hostetter's Stomach Bitters rescues them from impending danger, and averts such dangerous maladies as Bright's disease and diabetes Sluggishness of the kidneys increases a liability to chronic rheumatism, gout, and dropsy, and since the blood is filtered by these organs in its passage through them, the operation of the bitters serves a doubly happy purpose. The medicine acts without exciting, like the fiery stimulants of commerce. Malarial, dyspeptic, constipation and nervous invalids are thoroughly relieved by it. Since the advent of that shocking malady, la grippe, it has been widely demonstrating its usefulness as a curative and preventive of it. ness as a curative and preventive of it

Beatty's Planes and Organs.

Hon. Daniel F. Beatty, the great or gan and piano manufacturer, is building and shipping more organs and pianos than ever. In 1870 Mr. Beatty left home a penniless plow-boy, and by his indomitable will he has worked his way up so as to sell so far, nearly 100,000 stacles laid in his way that would have wrecked any ordinary man forever, he wrecked any ordinary man forever, he turns to an advertisement and comes out of it brighter than ever. His instruments, as is well known, are very popular and are to be found in all parts of the world. We are informed that during the next ten years he intends to sell 200,000 more of his make. That means a business of \$20,000,000 if we average them at \$100 each. It is already the largest business of the kind in existence.—Send to Daniel F. Beatty, Washington, New Jersey, for catalogue
