

The Oregon Republicans are on the run. They have brought old man Horr out from Michigan to check the demoralization in their ranks, but it will not avail. With the Democrats smothering them on one flank and the People's party making a vigorous assault on the other, the G. O. P. is being doubled up like a boy in the green-apple season. Horr gets his \$100 a speech right along, but it will not save the bones from defeat.

Across the Step, to the Far West. On steamboats, cars, and stage-coaches, Hostetter's Stomach Bitters is carried as the most important item in the materia medica of the traveling public. It deprives vitiated, brackish water of its hurtful properties and exorable flavor, counteracts the pernicious effects upon the stomach of bad or indigestible food, remedies cramps, heartburn, and wind upon the stomach. It is a fine defense against malarial disorders, nullifies the effects of excessive heat, cold, and damp, relieves sick headaches, and is an incomparable cure for costiveness and biliousness. The fatigue of travel often falls most disastrously upon invalids and convalescents, occasionally to such an extent as to jeopardize life. Persons in feeble health, apprehensive of bad effects from travel, will, if provided with the Bitters, be far less likely to have their fears realized.

Beatty's Pianos and Organs.
 Hon. Daniel F. Beatty, the great organ and piano manufacturer, is building and shipping more organs and pianos than ever. In 1870 Mr. Beatty left home a penniless plow-boy, and by his indomitable will he has worked his way up so as to sell so far, nearly 100,000 of Beatty's organs and pianos since 1870. Nothing seems to dishearten him; obstacles laid in his way that would have wrecked any ordinary man forever, he turns to an advertisement and comes out of it brighter than ever. His instruments, as is well known, are very popular and are to be found in all parts of the world. We are informed that during the next ten years he intends to sell 200,000 more of his make. That means a business of \$20,000,000 if we average them at \$100 each. It is already the largest business of the kind in existence.—Send to Daniel F. Beatty, Washington, New Jersey, for catalogue
