Rev. Isaac Pratt will hold divine services in the Evangelical church Sunday morning. All cordially invited.

There will be preaching services in the Christian church next Sunday morning only. All are welcome. D. V. Poling, pastor.

Master Cyrus Gilson had the misfortune to very severely mash his finger recently, and it may be necessary to remove a little of the end of it.

Do not go home without first getting one of those fancy bouquets of Bijou confectionery at Mrs. W. H. Whitaker's, next door to the postoffice.

If you want a nice mess of salmon, cut fish, or sturgeon, go to Geo. Slaughter's new fish market, on Main street next door to F. B. Lewis's meat market.

The best spring medicine is a dose or two of St. Patrick's pills. They not only purify but cleanse the whole system, and purify the blood. For sale by all medicine dealers.

Miss Essie Robertson received a handsome pair of new scales from the postal department last Monday. Uncle Sam is surely partial toward the Independence postmaster.

Lost between Independence and Monmouth a leather dash for double back. The finder will be suitably rewarded by sending the same to Scott & Gile, Salem, Oregon.

The latest meeting at McCoy, last Sunday, was quite well attended. The citizens in that community are all well to do, and the hospitality of the occasion gave evidence of a happy and prosperous people.

The books we advertised last week, "Protection or Free Trade?" will be here in a week or ten days. Send your names and a two-cent stamp, friends, and let us send you a copy. It is the best work on the tariff question ever published.

How well we remember grandmother's attic, so fragrant with medicinal roots and herbs! Poor old soul, how precious they seemed to her! And yet, one bottle of Ayer's Sarsaparilla would do more good than her whole collection of "yarks."

As a blood-purifier, the most eminent physicians prescribe Ayer's Sarsaparilla. It is the most powerful combinator of vegetable alternatives ever offered to the public. As a spring and family medicine, it may be freely used by old and young alike.

The plans for the new church are completed, and present a very attractive church building. The bids will be let in a few days, and will be published in due time. Within a few hundred dollars of a sufficient sum has already been subscribed for the erection of a neat church.

D. M. Kleiman received a letter from W. M. Darling & Co., commission merchants of Portland, which greatly praises the flour manufactured at the White Star mills. We are glad to see that this flour is meeting with such general approval. The new mill is being painted, and a large sign on each side reads, "White Star Roller Mills." The warehouse for the storage of grain is under way.

Mr. W. M. Terry, who has been in the drug business at Elkton, Ky., for the past twelve years, says: "Chamberlain's Cough Remedy gives better satisfaction than any other cough medicine I have ever sold. It is good reason for this: No other will cure a cold so quickly; no other is so certain a preventive and cure for croup; no other affords so much relief in cases of whooping cough. For sale by all medicine dealers."

Miss Essie Robertson informed our reporter that she has received notification from the postal department that this postoffice will be made a presidential office the first of July. This, we think, is certainly more substantial evidence of the steady growth of our town. Miss Essie deserves congratulation for the careful manner in which she conducts the business of the office. The inspector complimented her very highly upon her accurate report when he was here on his annual visit a few days since.

THE CELEBRATION—The posters for the Fourth of July celebration at Falls City are out, and the programme is as follows: The parade, headed by the Falls City brass band, will meet in front of the hotel at 10 a. m. sharp, and march to the grove, where the exercises will be held. First will come the band, after which will proceed the president of the day, Frank Butler, who will make a few remarks. After music there will be another selection of music by the band, and singing by the choir, when the orator of the day, J. R. N. Bell, will be introduced. The band will then close the morning programme with a musical selection. The afternoon exercises will consist of a fantasia parade at 1 o'clock, after which the following races will commence at 2 o'clock for liberal prizes which will be announced on the grounds: 100-yard foot race, 50-yard ladies' foot race, sack, egg, and wheelbarrow races. The day's entertainment will conclude with a match game of ball, and a grand torchlight procession and fireworks in the evening. The Declaration of Independence will be read by Prof. Reynolds, who services had not been secured at the time of printing the posters, hence the omission. The committee extend a cordial invitation to all to come and celebrate our national day at Falls City.

Messrs. D. B. Taylor and A. S. Locke returned from their California trip last Saturday, via Salem. They were absent nearly four weeks, visiting the whole state, but giving the southern portion special attention. COMMENCEMENT EXERCISES.

The Tenth Annual Session of the State Normal School Closes with 39 Graduates.

The tenth annual commencement of the Oregon State Normal School at Monmouth opened with a musical and art exhibit last Saturday evening at 8 o'clock. The programme, which was as follows, was well rendered, each crowning himself with honor:

Bureau: Arion Club. Recitation, "King Robert of Sicily," Mary Collins. Three Wishes: Mattie Longacre.

Hungarian Rhapsody, No. 2: Annette V. Hines, first piano; Lena Butler, Bertha Catron, second piano. Recitation, "The Ballad of Roland's Pilgrimage," Mary F. Galloway. Scherzo, Op. 31: Annette V. Hines.

At the conclusion of the musical programme, all repaired to the music room which was beautifully decorated and filled with many handsome paintings and drawings, the work of the art class under the excellent supervision of Miss Ella Smith, during the past year. Programmes bearing the number of the picture and the name and age of the pupil executing the work were distributed. Miss Smith deserves much praise for the excellent work rendered in this department during the year.

SUNDAY MORNING.

The lacerational services were witnessed by a large audience, the chapel being filled to its utmost capacity. The choir, conducted by Miss Bruce, rendered three beautiful anthems, and the devotional exercises were led by Rev. Peart, of Independence. Rev. Alfred Kummer, of Taylor street church, Portland, preached the sermon, and well might the class feel proud in being fortunate enough to secure such an able speaker for the occasion. His brief preliminary remarks congratulatory of this section of country and these people were timely and pleasing. His text was taken from the third chapter of Philippians, thirteenth and fourteenth verses: "Brethren, I came not myself to have approval; but this one thing I do, forgetting those things which are behind, and reaching forth unto those things which are before, I press toward the mark for the prize of the high calling of Christ Jesus," said the speaker. The entire sermon, which was of nearly an hour's duration, was listened to with marked attention, filling the soul of every hearer with a purpose and desire to press forward for a higher prize. The doctor is an able, pleasing, and eloquent speaker, and he certainly covered himself with glory in his effort. Sunday morning, many saying that it was the grandest sermon they ever listened to.

MONDAY, JUNE 23.

Monday morning at the regular hour the students marched for the last time this year into the chapel, to hear the farewell speeches of the faculty, whose remarks were timely and impressive.

Monday afternoon the class-tree exercises were held. The first on the programme was a vocal quartette by four young ladies, which was well rendered. The class orator, Mr. Long, was then introduced, and did the class honor by his pleasing address. Mr. Hadley, the class historian, then proceeded with the last history of the class individually. It was indeed well written. The exercises in the chapel were concluded by an instrumental duet by Miss Bruce and Miss Minnie Gibson. The audience, preceded by the class and the faculty, proceeded to the lawn on the north side of the building, where the class tree was planted with appropriate ceremonies.

Monday evening was a time anxiously and impatiently looked for by the students, it being the evening set apart for the students' reunion; and well it might be, for a most enjoyable time was had, old students meeting each other face to face and indulging in pleasant chats. The committee on this evening's entertainment seemingly left not a stone unturned. The short programme which preceded the social session was opened with a vocal quartette by the Arion club, when the address of welcome, by Mr. Esso, and the response to the same by Miss Stanton, were delivered in a creditable manner. Miss Lora Butler rendered an excellent instrumental solo, and the recitation by Miss Hyde was well recited. Prof. Powell's vocal solo of course was encored as he always is in his selections. For the social session the committee had cards distributed through the audience, which were divided into five-minute periods each, and on the blank line opposite the place a young gentleman and lady would place their names and were expected to converse together at that time.

TUESDAY, JUNE 24.

Tuesday the exercises consisted of athletic sports. In the morning several games of tennis were played, and in the afternoon, jumping, tumbling, etc., were indulged in. This showed the good work done in the gymnasium in the past year. A game of base ball between the classes of '91 and '92 resulted in a victory for the '91's. The Rag Fence tennis club came out victorious in the final games of tennis. A game between the faculty was begun but was not finished on account of one of the professors getting his ankle sprained. The day's exercises were very interesting and show that the physical nature of the students is being developed as well as the mental.

The graduating exercises Tuesday evening and on Wednesday were superbly grand. The various addresses from beginning to end by the graduates, thirty-nine in number, scintillated with intelligent thought, and some of the efforts positively bordered on unusual brilliancy. This was the grandest epoch in the history of the school. Had we space at our command, we would elaborate and prove, by comparison with any other college in the state, that the state normal school at Monmouth is not one whit behind the best.

The music in every particular was up to the standard. Gov. Penoyer and Secretary of State McBride were present, and pleased. The governor presented the diplomas in his happiest style, and his remarks were made of

Frank Merrick, of Rochester, N. Y., found his wife in a compromising position with a man. After horsewhipping her paragon, he told her to leave, as he would not live with her any more, and then he went to a neighbor's and remained over night. Returning home next morning, he found that his wife's shame had driven her to suicide by poison.

John A. Nelson, of Sedro, Wash., was foreman of a gang of Italian laborers on the Monte Cristo railway. He was attacked by four of the Italians, and an iron bar was driven through his head, killing him instantly. This so enraged the white men of the camp, numbering about sixty, that they seized the murderers and lynched them in the presence of about 150 of their countrymen.

Portland 3, Seattle 2, eleven innings, at Portland. Spokane 1, Tacoma 7, at Spokane.

It is now said that the reported lynching of Italians in Washington a couple of days ago was a canard.

Cholera is said to be making fearful ravages in Persia and Afghanistan.

In the city election at Portland today, the Citizens' ticket was successful. The overthrow of the Republicans was decisive in every department of the city government.

Lightning struck the general store of W. H. Ryan, of Parnesville, Ky., and exploded two kegs of powder. Fifty people were in the room, and all were injured. Several will die.

Robert Louis Stevenson's Mr. Hyde was a very decent man when compared to a Missouri farmer named Wilson. Henry Sullivan got the best of Wilson in a business transaction, and in revenge the latter assaulted the former on the highway near Forsythe, Mo., and dragged him into a large cave which was the den of venomous snakes and other horrible vermin. Here Wilson stripped Sullivan naked and bound him to a huge rock. The slime from the cave dripped over him, and hideous worms and repulsive bugs crawled over him. Each day Wilson would come and give him just sufficient food to preserve his life, while heaped-up dishes of food were placed just beyond his reach. Sullivan finally grew so weak that his captor feared he would die before his vengeance was satisfied, and so he fed him well for a few days. In one of his

efforts made with revived strength, Sullivan broke away and returned home. He was so changed that his own family did not recognize him. He told his story, and an examination of the cave verified it. Sullivan is a mental and physical wreck as the result of his suffering. Wilson has disappeared.
