THE WEST SIDE.

FRIDAY, AUGUST 5, 1892.

WANTED.—A good blacksmith and horse-shoer can find employment at Lewisville, Polk county, Oregon. Inquire of W. W. Smith, Lewisville 39-4t

NEW BRICK.—J. R. Cooper has just burned his kiln of 500,000 brick. They are the best brick ever made in Polk county, and are now ready for delivery at reasonable prices.

HANDSOME PRESENT.—Last Friday at Monmouth, the teachers presented Ex-Supt. W. I. Reynolds, as a mark of appreciation for his excellent school work, a handsome gold watch charm, set with exquisite rubies. The Professor will always hold dear this token of regaad.

BROKE HIS RIBS.—Dick Wilson's team started to go it alone from Skinner's mill Wednesday about noon, and the further they went the sooner they wanted to get there. They ran across the railroad, and over into Henry Hill's barn yard. Fank Wilson grabbed the lines and attemped to stop them, but only succeeded in getting a kick in the ribs, several of which were broken, we are sorry to say. Dr. Ketchum dressed the wounds, which, though very painful, and severe enough to confine Mr. Wilson to his bed for some time, are not necessarily dangerous.

GLAD TO HEAR IT.—The many friends of Mr. W. A. Gilmore, of the class of '91, O. S. N. S., in Independence, Monmouth, and other cities of the Willamette valley, will be pleased to hear of his nomination for superintendent of schools in Clarke county, Washington. Mr. Gilmore has been teaching at Vancouver the past year and although only twenty-two years of age is recognized as one of the leading teachers in Washington. He is, as we all remember him, yet the same jolly Will. His election in November is assured. May he get there is the wish of every normalite in Oregon and Washington.

NEW ROAD TO SALEM.—We had the very gratifying information from J. B. Parker this week, supervisor on the west end of the new road that leads from Independence to Salem, that said road is now open for travel. Mr. Parker has the thanks of this community for his energetic work in opening this new road to our capital city. The road is just ten and one half miles to Salem from this place, and is called the Prospect Hill road. Mr. Moore, the supervisor on the Salem end, has made a good road there also. Mr. Parker feels much indebted to the enterprising citizens of Independence for the $140 contributed to assist in opening up this new highway.

RUBBER STAMP FRAUDS.—Every once and awhile the rubber-stamp man appears on the scene and succeeds in palming off his wares on the unwary business man. The stamps are paid for at a good round figure, used a few weeks, when they become blurred and sickly-looking and they are then thrown aside. Quite a number of these can be found in the rubbish piles of Eugene. It is cheaper and better to get your letter heads, bill heads, envelopes, etc., printed at a reliable printing office and save much disgust and worry. Rubber stamped letter heads, bill heads and envelopes, have a cheap and dirty look not at all complimentary to the firm using them.—*Eugene Guard.*

DISTINGUISHED VISITORS.—The WEST SIDE was honored by a call from Professor Bloss, president of the State Agricultural College, and from Prof. J. B. Horner, of the same institution, last Wednesday. Mr. Horner is already well-known as one of the foremost educators in Oregon, as he has been identified with school work in this state for a number of years. President Bloss is lately from Topeka, Kansas, where he was superintendent of that city's schools. He is an engaging conversationalist, and one can not but feel that in selecting him the board of regents made a choice that will redound to the credit of the college and state. The writer was a resident of Topeka for a number of years, and knows from personal knowledge the esteem in which the people of that city hold Mr. Bloss. Both gentlemen left on the north-bound train.

SCHOOL DISTRICT NO. 48.—Mr. Walter Butler closed his school in district number 48, on last Friday, July 29th. A large crowd of the patrons of the school and from the surrounding country gathered at the school-house, bringing with them large basketsful of eatables, which, at the proper hour, were spread on a large table under the fir trees, where due respect was paid to them by those present. The crowd then repaired to the grove adjoining the schoolhouse, where the program, consisting of recitations and songs by the school, was carried out, after which diplomas were presented to Miss Minerva Barney and Loretta A. Hart. The young men of the district then engaged in a game of base ball with a nine from Lewisville. Everybody went to their homes well pleased with the day's pleasure. Mr. Butler has been engaged to teach the fall term.

FINE LECTURE.—Hon. J. M. Bloss, president of the State Agricultural College, lectured at Monmouth last Tuesday evening before the summer school of teachers being held there under the supervision of Supt. Reynolds, and many friends of popular education were present to listen to the address. The subject was "Our Civilization," and to say that President Bloss treated the subject in an exhaustive way would not be saying too much. The president is a fine speaker, and his articulation is exceptionally fine. Professor Horner was present at the institute and rendered valuable service. These gentlemen were on their way to Eastern Oregon to engage in agricultural-institute work. The college these professors represent is doing a noble work, and its prospects are very bright for the coming year. We are pleased to see the active interest these gentlemen are taking in their institution of learning, and their efforts will be attended with success.

LOCALS.

Ho! for the sea side to-morrow.

The river is getting down to bed-rock.

Only $3.25 to Yaquina and return.

Wall paper in endless variety at F. Anstine's.

Active preparations for threshing are now in progress.

Numerous sidewalks about the city are sadly in need of repairs.

Joe Hirschberg is erecting a hop dryer on his land north of town.

Tickets for the Yaquina excursion on sale at the First National Bank.

Read "Protection or Free Trade." We send it for a two-cent stamp.

A. P. Bonzey is building a large hop house on his place near Buena Vista.

It is rumored that black fever has made its appearance at Soda springs.

A. J. Pitts will start a new blacksmith shop on Main street next Monday.

So many people going to the sea-coast and everywhere else that we give it up as to personals.

Murphy & Madison have started their threshing outfit. They go over the route formerly traveled by Damon.

Rev. R. L. Shelley is making improvements in and about his residence that are quite noticeable and commendable.

The regular quarterly meeting for the M. E. Church South will be held in that church in this city over next Saturday and Sunday.

Stockton & Henkle are receiving an immense stock of fall goods. You will have no trouble in finding what you want in their large stock.

J. W. James's team took a lively spin over the bridge to North Independence last Monday. Nothing hurt. A traction engine caused the runaway.

Frank Kennedy and Dave Stapleton, in company with Mr. and Mrs. Blanchard, started for the circus Wednesday morning. This is no joke.

R. Shelley returned from Portland the latter part of last week where he had been for a week or two having his eye treated. It is considerably improved.

T. B. Huntley and sons bought forty acres of the B. F. Burch farm, south of Independence this week from F. A. Patterson, manager of the Polk County Land Company.

The finest display of tropical fruits ever seen in this city was displayed in W. H. Wheeler's window Wednesday. Blair Miller is the artist whose giant intellect evolved the pleasing effect.

Dr. E. J. Young, veterinary surgeon and dentist, late of Newberg, has located permanently in Independence. The doctor comes highly recommended. His office is over the Independence National bank.

We are sorry to learn that Wm. Morrow, in the Eola neighborhood, is yet suffering badly from the effect of an oat beard getting in his larynx. He will not likely be able to do anything before next fall.

Mrs. Bertha Dove has the thanks of the WEST SIDE for some of the finest blackberries we have seen this season. They are large, sweet, and juicy. She will supply anyone wishing the berries at five cents per pound.

Fred Douty says his firm sold a binder recently that was so excellently made that when the team ran away with it nothing was broken except a small pinion costing only a few cents. Of course Fred is a second Washington.

Messrs. Ferguson & VanMeer take this method of informing the general public that they now have on hand the very best sawed cedar posts, any size or length, and a large supply of first-class lumber. Call and buy at reasonable prices. 39-2t

We shall issue in our next week's number a nicely compiled business directory of Polk county nicely gotten up, containing a good write-up of the county and the business men. We are in hopes the business men will patronize this enterprise liberally.

Johnny Ford, our efficient city clerk, is getting quite a reputation as a chess player. While blindfolded he can defeat almost any of the local players. It is a wonderful feat to play chess when one can not see the board, as the moves must all be made entirely from memory.

A separator belonging to Helmick & Tom broke loose from the traction engine just at the brow of a hill near the Harry Christian place, and the machine ran down the incline. At the bottom it tipped over, and was considerably smashed up, but not to an extent sufficient to ruin it.

On Sunday, August 14, the Independence ball club will play the Salem Giants on the Talmage grounds, and on the 21st the Red Hill nine, of South Salem, will play the home team, on the same grounds. Manager Irvine says the games will be very interesting, and Green says he will pitch right into them.

If you do not find the usual amount of local news for a week or two you must remember that we are short handed. So hold your wrath, and if you are unable to keep it bottled permanently, wait at least until our local man gets back, when you are at liberty to inflict any sort of torture that will give you the most satisfaction.

The fighting editor of this paper went to Salem Wednesday "to see the governor," he said. It is somewhat remarkable that so many people have business with the governor on the day John Robinson's circus is at the capital. We say this in fear and trembling, and our only hope that our life will be spared is that the aforementioned fighting editor will not see this item.

Mrs. Stine opened the Christian House to the public Monday. The hotel is located near the depot, and is very attractive in appearance, both inside and out. Everything is neat and new, and without doubt the house will be very liberally patronized. Monday an elegant chicken dinner was served, and a goodly number of people were seated around the board. Mrs. Stine has gained an enviable reputation as a hostess and will surely meet with the success she so richly merits.

THE WHITE HOUSE FAMILY.

Benny rocks the baby;
Levi tends the bar they say;
Johnny runs the Sunday school;
"And the devel has to pay."

The preaching last Sunday at the Presbyterian church by Rev. Townsend, of Turner, was highly edifying to the large congregations attending. The Presbyterian friends and all others, duly appreciated the work of Rev. D. V. Poling and his wife and others that kindly assisted in the music.

The elegant appearance of the work from the Independence steam laundry is remarked by all who have sent their linen there. With new and improved machinery and skilled workmen Mr. Gates is prepared to compete with any laundry on the coast.

"Oh, if I had only taken this medicine earlier in life, what years of suffering it would have saved me!" was the touching exclamation of one who had been cured of rheumatism by the use of Ayer's Sarsaparilla. Scores of such cases are on record.

As an after-dinner pill, to strengthen the stomach, assist digestion, and correct any bilious tendencies, Ayer's Pills are considered the best. Being sugar-coated, they are as agreeable as any confection, and may be taken by the most delicate.

Watermelons at 85 cents each are rather costly luxuries even for Oregon, especially when it would take three or four of them to satisfy the average person.

The water company has just completed three additional wells, making seven in all. Ball & Sloper drilled them. The water is pure and sweet.

The cannery is in full blast canning berries. Some of the finest black-berries ever seen in Independence were brought to the cannery this week.

The base ball games which were talked of for Saturday and Sunday, between the Independence and Lafayette teams, failed to materialize.

The demand for flour at the Skinner flouring mills in this city is so great that the mills have been run night and day for the last two weeks.

It has been at least three weeks since a new enterprise was established in Independence. Can't we scare something up?

Rev. M. J. Ballantyne will preach in the Calvary Evangelical church on Sabbath, Aug. 14th, at 11 o'clock a. m.

The warehouse at the Talmage mills is almost completed. The manager, Mr. Klemsen, reports business good.

The new road to Salem will probably receive the bulk of the travel, as it is considerably the shortest route.

Rev. D. V. Poling will preach both morning and evening at Dixie on this coming Sunday, July 7, 1892.

As soon as harvest is over, the farmers should look to the improvement of the roads and bridges.

A good crowd will spend Sunday at Yaquina, taking advantage of the excursion to-morrow.

It is time you sent for that tariff book. A two-cent stamp and your address will get it.

Note the marshal's cow notice. It may save you a few dollars' costs if you read it.

The Helmick brothers had quite a smash-up with their thresher the other day.

Prescott & Veness's saw-mill has not been running this week.

Try the Independence steam laundry. Remember the excursion to Yaquina.

When at Big Island, Va., last April, I was taken with a very severe attack of diarrhœa. I never had it worse in my life. I tried many old-time remedies such as Blackberry Wine, Paregoric, and Laudanum, without getting any relief. My attention was then called to Chamberlain's Colic, Cholera, and Diarrhœa Remedy by M. R. C. Tinsley who had been handling it there, and in less than five minutes after taking a small dose I was entirely relieved.—O. G. Burford, Harris Creek, Amherst Co., Va. Resolutions of Condolence.

HALL OF FRIENDSHIP LODGE, No. 6, I. O. O. F., DALLAS, OR., July 23, 1892.

BROTHERS: We, your committee appointed on resolutions, beg leave to report as follows:

Whereas, The Great Creator and Preserver of the universe has seen fit in his infinite wisdom to remove from our membership our worthy Past Grand Thomas G. Richmond; and

Whereas, The loss thus entailed upon us is keenly felt, not only in the lodge room, but in every walk of life: therefore, be it

Resolved, That Friendship Lodge has lost a member whose deportment among his fellow members was in every way consistent with the teachings of our noble order, and that his loss will be keenly felt by us all.

Resolved, That Bro. Richmond was a devoted husband, a loving and indulgent father, a kind neighbor, and a faithful friend.

Resolved, That these resolutions be spread upon our lodge journal, a copy thereof under the seal of our lodge to be furnished the family of our departed brother, and they be furnished our county papers for publication.

Resolved, That the charter of this lodge be draped in mourning, and that the members wear for thirty days the usual badge of mourning.

Respectfully submitted,
U. S. GRANT,
C. G. COAD,
A. V. R. SNYDER,
Committee.

July Weather.

Thos. Pearce, signal service observer at Eola, has sent us his report for July, from which we make the following extracts:

Mean temperature for the month, 30.7°; highest, 85°, on the 3d; lowest 42°, on the 5th, 7th, and 9th. Greatest daily range of temperature, 39°, on the 7th. For the past twenty-three years the average mean temperature for July has been 65.6°; this year it is below this figure 4.4°. The total rainfall during the month was a half an inch, which is slightly above the average.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

PERSONAL MENTION.

Geo. A. Smith was attending court in Dallas Tuesday.

Mrs. W. H. Whiteaker was on the sick list this week.

Mrs. Thos. Estes is now recovering from her late illness.

Marion Vanduyn and wife went to the bay Wednesday.

Mrs. Kramer is much better and is now improving nicely.

Leroy Bannister, who has been down with malarial fever, is improving.

Mr. Wash Shepherd, of Iowa, is visiting friends in this neighborhood.

Mrs. E. T. Henkle and Grandma Irvine went to the Soda springs this week.

L. C. Bell went to Marshfield Tuesday. He will rusticate for a month or more.

L. Kelso and wife went to Waterloo Springs Wednesday, to be gone about ten days.

F. B. Lewis is quite sick with malarial fever. He is some better, we are glad to say.

Mr. Mark Potter and family left for Newport Tuesday to be gone a month at the sea-side.

J. S. Cooper and his daughter, Miss Maud, went to Newport last Saturday and returned Monday.

Hon. B. F. Burch, "Uncle" David Johnston, and their families, all went to the soda springs this week.

Mrs. Isaac Butler and daughter, Miss Bessie, returned from a very pleasant visit to Harrisburg, Tuesday.

Mr. and Mrs. Oscar Rennie, of Salem, were visiting their parents, Mr. and Mrs. Peter Cook, of this place, last Sunday.

Messrs. A. Nelson and A. B. Atkins with their families went to the Mackenzie springs this week to be gone some time.

Dr. and Mrs. Locke, of Buena Vista, were in town last Monday. Mrs. Locke remained over night with her parents, Mr. and Mrs. James Gibson.

Lee and Homer Bell left this week, the former for Coos county to be gone a month, the latter with Messrs. Ford Potter, Doc. Patterson and Clarence Henkle, for lower Soda.

A. M. Hurley and wife and W. E. Cressey's family returned from the springs last Saturday. Mr. Hurley was not benefited by his trip, but most of the crowd enjoyed the outing.

Mrs. Fronk, of Albany, sister-in-law of Mrs. A. J. Goodman, is here visiting friends and relatives. We remember Mrs. Fronk especially as one of our old Jackson county friends. It is pleasant to revive old times and meet old friends.

Miss Macaulay, of the firm of Macaulay & Robertson, has left for San Francisco to attend the fall opening in millinery and also to buy her large and elegant stock of millinery. She will also bring back with her an experienced trimmer to assist her in the work next season. Miss Macaulay will return about the first of September.

CHURCH NOTICE.

All members of the Presbyterian church of Independence are requested to be present at the Presbyterian church Sunday, August 14th, to take some action to secure a pastor. Services at 11 o'clock a. m., conducted by Rev. J. R. N. Bell. Congregational meeting immediately after.

JAMES GIBSON,
Clerk of Session.

THE OREGON PACIFIC.

The Company Files Articles of Incorporation.

SALEM, Or., July 30.—The Oregon Pacific Railway Company was incorporated to-day by William M. Hoag, Wallis Nash, B. W. Wilson, Z. Job, and Abram Hackleman, with a capital stock of $18,000,000. The object is to build and maintain telegraph, telephone or phonophone lines from Yaquina bay to a point on the eastern boundary of the state, with the right to extend it to Boise City, Idaho; to build and operate all kinds of water craft; the termini of the main line of said railroad within the state of Oregon shall be at tide water on Yaquina bay, in Benton county, and at a point on the eastern boundary line of said state; the terminus of said navigation lines shall be Yaquina bay and San Francisco, the mouth of the Columbia river and San Francisco, Portland and San Francisco, ports on Puget Sound and San Francisco, the headwaters of the Columbia and the mouth of the same, the head waters of Snake river and the mouth of the Columbia, the head of the Willamette and the mouth of the Columbia, and Yaquina bay and such foreign and domestic ports as the corporation may desire to reach. The principal office will be at Corvallis.

I have no hesitancy in recommending Chamberlain's Colic, Cholera, and Diarrhœa Remedy to the public, as I do to my friends and patrons. I used it myself after other well-known remedies had failed, and it cured me in a few minutes. I recommend it candidly and cheerfully upon its merits, not from a financial stand-point, because I have others in stock on which I make a larger profit, but because Chamberlain's is the best remedy I know of for bowel complaints. There is no doubt about it, it does the work. James Forgy, Druggist, McVeytown, Penn. For sale by all medicine dealers.

What Killed Greeley.

When Greeley was running for the presidency he resigned the editorial chair, for the campaign, to Reid. The morning after the election he entered the office again to take editorial charge of the paper which he had founded, and which he prized more than he did his life. He wrote an editorial reviewing the campaign. Reid, to his consternation, informed him that it could not appear. "What," gasped Greeley, "an article of mine cannot appear in the *Tribune*!" And as the old man sank back bewildered in his chair Reid handed him a note, signed by the *Tribune* directors, stating that Greeley's services as editor were henceforth dispensed with, and that he (Reid) would continue in charge. Greeley left the office never to return. He was a broken hearted man. Less than a month afterward, the great humanitarian, patriot, and "friend of the people," was dead. Now is the time—this is the opportunity—to punish his assassin. Will the people do it? If the printers of the United States lead the way, they will.—*San Francisco Star.*

RING THE MERRY WEDDING BELLS.

An Event of the Recherche Kind That Brings Happiness to two Loving Hearts.

Last Tuesday as the sun rose and kissed the dewdrops of the morning, and drove the darkness of night away, so at least to two happy souls, as the sun stood at high meridian, an event was ushered in which drove back all doubts and fears of the past, and these two trod the stepstone of a new future, and met the smiles of a rising day with hopefulness and pleasure. Exactly at twelve o'clock m., at the bride's residence, Dr. Frank B. Eaton, of Portland, Oregon, led Miss Lillian Cooper, of Independence, Oregon, to the Hymeneal altar in the presence of relatives and friends, Rev. J. R. N. Bell officiating. The bride was dressed in dark-brown cloth, traveling suit, with gentleman's light cloth vest. The groom wore the conventional suit as usual. Dr. Eaton is one of the leading physicians of our metropolis, is the son of Gen. J. H. Eaton, a retired officer of the army, and the doctor is spoken of very highly in all departments of the schools of materia medica. Dr. Eaton is very efficient as a lecturer before the students in the state university, and now fills the chair of oculist and aurist in the medical department of the same university with distinction. He was formerly of the Willamette University, and professor of chemistry in St. Helen's Hall. He is now also on the staff of visiting physicians to the Good Samaritan Hospital.

Miss Lillian Cooper is the daughter of J. R. Cooper, a highly respected citizen of Independence. Miss Lillian is a lady of splendid accomplishments, much care having been bestowed upon her education. She looked very beautiful as she stood under the archway, taking the nuptial vows, and which vows of herself and husband were registered in heaven. Much might be said complimentary of the bride and groom but the above will suffice.

THOSE PRESENT.

Those present were Rev. J. R. N. Bell and wife, Mr. and Mrs. J. R. Cooper, Master Pearl Cooper, Ivy Cooper, Mrs. Julia Matney, Mrs. A. J. Cooper, Dr. and Mrs. T. J. Lee, Dr. and Mrs. O. D. Butler, Misses Essie Robertson, Nell M. Hill, Mr. and Mrs. Kennedy, Mr. and Mrs. Mattison, Mr. Zed. Rosendorf, W. H. Hawley, Willis Hill.

THE PRESENTS.

Heirloom, from the war of 1812, a silver ladle, by the mother of the groom, Mrs. Gen. Eaton; silver spoon, Miss Margaret N. Eaton; Silver and gold sugar bowl and cream pitcher, Gen. and Mrs Eaton; silver butter dish, J. R. Cooper, old-gold breast pin, by mother of the bride; gold and silver salt and pepper set, Miss Memi Robertson; gold and silver salt dishes, Dr. Kenneth A. J. Mackenzie; silver berry spoon, Mr. Roderick Mackenzie; silver tea set, Dr and Mrs. T. J. Lee; china set, Mr Zed Rosendorf; silver cake knife, Mr. W. H. Hawley; silver knives and forks, Goodman & Douty; fine painting of Spokane Falls, by Sisters of St. Mary's Academy, Portland, painted by themselves; marriage certificate, Rev. Bell. There are other costly presents which will be received by the bride and groom on their return from their bridal tour in California, by Dr. O. D. Butler and wife and others.

The spread was *par excellence*, and Mrs. Cooper merits the thanks of all present for the very excellent dinner served. The WEST SIDE office kindly acknowledges a bountiful supply of cake, and only wishes for more weddings and more cake. Dr. Eaton and his bride left on the afternoon train for San Francisco, via Portland, to be absent about six weeks. The Doctor will lecture at the Stanford University while in California. The very best wishes of friends follow them, and the WEST SIDE hopes that the winds of adversity may blow softly upon them, and that the breezes of prosperity may attend them.

EATON—COOPER.—At the home of the bride's parents at Independence, on Tuesday, August 2, 1892, Miss Lillian Cooper to Dr. Frank B. Eaton, son of General Eaton, of Portland, Rev. J. R. N. Bell officiating.

The bride is a daughter of John R. Cooper, a leading Independence citizen, and the groom is a prominent physician of Portland. The bride and groom have gone to California on their wedding tour, and while there Dr. Eaton will deliver a lecture at the Stanford University. The *Statesman* joins in wishing them great prosperity and unalloyed happiness.—*Statesman.*

THE NATIONAL GAME.

Independence Defeats Scio on the Home Grounds.

Last Sunday fully 1,500 people went to Talmage to witness the base-ball game between the Independence team and the champions of Linn county. From first to last the interest was very great, and all united in pronouncing Sunday's game the best so far played in this city. The intention was to play for fifty dollars a side, but for some reason best known to themselves, the Scio boys did not cover the money that the Independence team had on deposit. For the first few innings the Scios led, with a score of two to nothing, but the home team had not got warmed up yet. They soon got in their work, however, and at the close of the score stood eight to four in favor of Independence. The work of both teams was very good indeed, and the large audience appreciated it. The home nine now claim the championship of the valley, and will meet any club who wishes to try its skill against them. There is talk of arranging a game between the Independence and Scio clubs to be played in the near future on the Salem grounds.

Happy Hoosiers.

Wm. Timmons, postmaster of Idaville, Ind., writes: "Electric Bitters has done more for me than all other medicines combined, for that bad feeling arising from kidney and liver trouble." John Leslie, farmer and stockman of the same place, says: "Find Electric Bitters to be the best kidney and liver medicine; made me feel like a new man." J. W. Gardner, hardware merchant, same town, says: "Electric Bitters is just the thing for a man who is all run down and do n't care whether he lives or dies." He found new strength, good appetite, and felt just like he had a new lease on life. Only fifty cents a bottle at any drug store.

The girls in the central station of the Indianapolis telephone exchange struck against obnoxious rules, and talking over the wires is now impossible there.

While crossing a bridge with a traction engine near Lake Labish, Or., the bridge gave way and the engine and men fell about twelve feet. Frank Boise will probably die.

A fur trust with a capital of $10,000,000 is the latest. As the principal business of the trust will be in seal skins, it will not be necessary for we of the common herd to lose much sleep over it.

It is now reported that the dreaded Asiatic cholera has broken out in Vera Cruz, Mexico. This would not be surprising, as on account of its location that city is peculiarly susceptible to such diseases. Instead of the number of cholera cases decreasing, as reported last week, the disease seems to be making greater advances than ever in Asia and Eastern Europe. It has broken out in Poland. In the cholera-infected districts there were 2,583 new cases and 1,465 deaths from July 23d to 25th inclusive. Of those attacked one-half die.

Gladstone will have forty majority in the new parliament.

It is announced that a French company will complete the Panama canal.

Martial law will be continued in Shoshone county, Idaho, for several months.

In New York forty six persons died from the heat; in Brooklyn, twenty-seven. Most of the factories in New Brunswick, N. J., have shut down on account of the heat.

Near Backboro, Tenn., Andrew Bealson and John W. Ellis outraged Mrs. Wm. Dilke, after tying her husband up so that he could see what transpired. A mob lynched the pair.

At Placerville, Cal., Jacob Alcaraz, with his three-year-old son in his arms, threw himself in front of an approaching train. The engineer reversed his engine and clapped on the air brakes, stopping within six feet. The man and child were badly injured but both will recover.

Five hundred Italian laborers at work laying pipes from the gas fields to Chicago, quit their camp and took possession of Star City, Indiana. The inhabitants fled. Windows were broken, fences torn down, and stores and saloons looted. The station agent was stripped and beaten and hanged to a tree by the arms. He hung for an hour before being cut down and may die. The mob is still in possession.

It is said that threatening letters have been received by those highest in the management of the Carnegie mills, supposedly from anarchists in sympathy with Bergman. Two other men, Knold and Bauer, thought to be accomplices of Bergman, were recently arrested, and their bail was fixed at $2,000 each. In the mills there are 837 men at work, 3,000 less than the requisite number. The strikers claim that they will induce at least half of those now at work to quit before the week is out.

Can't Be Beaten.

Lochridge Bros. received by express Tuesday, a box from J. M. Stark, of Independence, Oregon, containing two bunches of oats, two of wheat and a limb of cherries; the wheat heads are about five inches long and have three and four grains in a mash; the oat heads are about fourteen inches in length and well filled. The cherries were the finest we ever saw. They can be seen at the bank.—*Pawnee Observer*, (Ill.)

Mr. Stark is wide awake to the best interests of our country. If more of our citizens would do likewise and send samples of our products to their friends in the East, much good would come of it.
