The track on which the trials of was the suitable medium of expression for a mind serene, a spirit hopeful, a heart warm with human affections and active with all impulses of goodness.

Other American poets may be more highly regarded than Whittier: none has been better loved.

The track on which the trials of speed are to be made, is in fine condition. It is a regulation track—two stretches and two turns—and in our judgment, is the best fast-time track in Oregon; and well it may be, for large sums of money have been expended by the stockholders in bringing it as near as possible to perfection. The judges stand is well arranged, and affords ample accommodation for judges and reporters of the press.

It will be in the interest of public health when their sale is made a misdemeanor in every State in the UNION, and the penalties of the law are rigidly enforced. There is no article of human food more wickedly adulterated than that

of Baking Powder. Dr. Price's Cream Baking Powder is the only pure cream of tartar powder having a general sale that is free from ammonia, alum or taint of any kind of impurity. It makes the sweetest and lightest bread, biscuit and cake that are perfectly digestible whether hot or cold. It costs more to manufacture Dr. Price's than any other baking powder. It is superior to every other known and the standard for forty years.

Dr. Price's Cream Baking Powder is reported by all authorities as free from Ammonia, Alum, or any other adulterant. In fact, the purity of this ideal powder has never been ques-
