BAPTIST CONVENTION.

The State Baptist Conference Meets in This City.

MINISTERS FROM ALL OREGON.

Report of the Proceedings to Thursday Morning, and a List of the Visitors.

Delegates began arriving yesterday on the train coming into Independence, to attend the seventh annual convention of the Baptist church of Oregon.

The ladies' reception committee had beautifully laden tables set in the Conynaway building opposite the opera house, where the delegates were at once taken and made to feel at home.

At 2 o'clock the ministerial conference met in the Baptist church of this city. Rev. F. E. Schofield, of Brownsville, was elected moderator, and Rev. G. W. Hill, of Portland, clerk. The afternoon session consisted of an interesting address by Rev. Robert Whiteaker, of "Proper Standard of Pulpit Work," also an address by Rev. Schofield, of Brownsville, on "How to Sustain the Spirituality of our Churches and Secure Constant Additions." This brought out a lively discussion.

The evening service was opened with devotional exercises, after which a very able address was delivered by D. G. Grant, of Portland, on "The Pulpit and the Pen."

We go to press to-morrow to give an extended report of Thursday's proceedings.

It was generally remarked by those noting the arrivals that the delegates to this convention are a very fine looking body of men and women, and the dignified appearance of the delegates makes our town wear a tone of eminent respectability.

No Ground for Complaint.

We understand that several of our people, thinking that the limit for receiving free sets of the Oregonian Edition Encyclopedia Britannica was used simply for advertising purposes, and would not be adhered to, delayed giving their orders until this week, and now find their orders will not be accepted at headquarters, as the offer for Oregon City has been withdrawn. Some of these are now condemning the Oregonian for this cutting off the offer before all had an opportunity to take advantage of it. Of course it is a great disappointment to find themselves a day too late, but we are of the opinion that in this matter there is no ground for complaint.

We desire to say to our citizens that for years we have been selling Dr. King's New Discovery for consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve, and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. Sold by all druggists.
