We present this work to our Christian readers with the conviction that it will be welcomed as a most valuable addition to the Biblical literature of the day, and will be found to possess

ADVANTAGES OVER ANY OTHER SIMILAR WORK, IN THE FOLLOWING IMPORTANT PARTICULARS:

1st. Its **Thoroughness**. This Commentary is not written by one writer only, as in the case with Clark, Henry, Scott, and others, but by three of the ablest scholars of the present day, and these have quoted extensively from the works of no less than one hundred and fifty of the most eminent Biblical writers of the present and the past.

2d. Its **Modernity**. New light is continually being thrown upon the Scriptures by the researches of travellers who have visited every region on which the light of revelation originally shone, by investigation in science, the expository labors of scholars and critics, and the discovery and deciphering of ancient inscriptions, monuments, and manuscripts, thus rendering the commentaries of former days comparatively useless.

3d. Its **Completeness**. The text and the comments are not printed in separate parts, as is usually the case, but are intermingled, so as to form one continuous history. There are no blank spaces, nor is the book filled up with unnecessary portions of the text. It is what it purports to be—a Commentary—not a Bible. "It is literally packed," says Bishop Wiley, "full of good things."

4th. Its **Brevity**. Dr. Smith, editor Chicago Standard, says: "I have, in several instances, seen a sermon in a sentence."

5th. Its **Liberal Spirit**. It is more unsectarian than any other Commentary. "The names of the authors are a sufficient guaranty against any denominational traits in it." These authors are each of a different denomination. The hearty recommendation of the leading men of all denominations gives this still greater emphasis.

6th. Its **Scripture References**. These are more numerous than will be found in any Commentary extant. Parallel passages are given wherever they are needed. Scripture is thus explained by Scripture, and the Commentary will thus be found to answer the purpose of a Concordance to a very great extent.

7th. Its **Illustrations and Maps**. These are sufficiently numerous to decidedly enhance its value and attractiveness; while the great majority of Commentaries have no illustrations.

8th. Its **Cheapness**. No Commentary of its size and merit was ever sold for anything like the price.

TESTIMONIALS.

Rev. J. H. Vincent, D.D.,
Giving in "No. 1 of *Chatanooga Text-books*" a list of "Aids to Bible Study," says: "The new and complete Commentary on the whole Bible by Jamieson, Faussett & Brown."

Rev. Edwards A. Park, D.D., *Andover Theol. Seminary*.

I have been more and more pleased with the Commentary of Jamieson, Faussett & Brown, the more I have read of it. I can cheerfully recommend it.

Rev. Joseph Cummings, D.D., LL.D., *Presid. N. W. University*.

My first impression on the great merits of your Commentary have been confirmed upon further examination.

Rev. Philip Schaff, D.D., *Union Theol. Sem. New York*.

I do not hesitate to recommend it to English Bible readers as a sound, judicious, devout, and—considering its size—comprehensive exposition of the Word of God.

Irving has taken his legitimate place in the library beside Dickens, Thackeray, the Historians and the Unabridged Dictionary. Especially valuable to Americans because of his intimate acquaintance with the early history of the States, he is, as a traveled man, a peer among the relators of personal experience in foreign lands.

LIFE OF

GEORGE WASHINGTON.

BY WASHINGTON IRVING.

Popular Illustrated Edition.

1 LARGE 12mo. VOLUME, 640 PAGES.

HANDSOMELY BOUND IN CLOTH.

GOLD AND INK EMBOSING.

Clear, Large Print from New Plates.

A Splendid Cloth Edition for the Home Library.

THIS edition is undoubtedly the fullest and most graphically portrayed **Life of the Father of His Country** ever written, and is, at the same time, a detailed and deeply interesting **History of the American Revolution**. The chief merit of this great work is perhaps the prominence with which it brings out in the character of Washington its strongest and rarest ornaments—its judicial serenity maintained amidst the fierce struggles of a revolution, the composure of the Areopagus carried into the struggles of Thermopylae. No man of the century was better equipped for an accurate, trustworthy and entertaining life of George Washington than the great biographer, Washington Irving. This popular edition is now offered to our patrons, printed from clear faced type which does not tire the eye, covering 640 large 12 mo. pages with fine illustrations of the father of his country, Lafayette, Jefferson, Franklin and others. The work is practically a condensation of four large volumes into one, convenient for reference and satisfactory in every particular. The writing of this book was one of the first ambitions of the author at the outset of his career, and was looked forward to with the thought that it should become the crowning effort of his literary life. It is undoubtedly the fullest and most graphically portrayed **life of Washington ever written**, and is at the same time an accurate history of the American Revolution. Throughout the entire work the character of Washington stands out with the prominence it deserves. This work is issued in a style fitting the dignity of treatment by the great author.
