

MONMOUTH'S WEEKLY RECORD.

C. V. MURPHY, Editor.

Obituary notices, resolutions, cards of thanks, programmes of entertainments 5 cents a line, for all over five lines.

FRIDAY, MAY 19, 1893.

Since the railroads have been so liberal heretofore in making reductions to politicians, societies, lodges, etc., we are of the patriotic opinion that they should give everybody a chance to see the World's Fair. Not only would the people in general feel more grateful towards the companies, but we believe if the rates are not lowered more, there will be a feeling of dissatisfaction which would not do the companies any particular good, and besides the numbers going would be materially lessened, thus diminishing ticket proceeds. So many have calculated on paying \$25 or \$30 for the trip that when they hear of \$50 or \$100 they are scared completely out.

Public School Commencement.

The opera house was crowded last Friday evening to its utmost capacity long before the announced time, with friends of the public school, eager to hear what the graduating class had to say and to see the little folks go through their drills.

The little folks did their parts well, and the graduating class, nine in all, deserve credit for their compositions and delivery of their papers.

Miss Louise Murphy, whose name appeared after the theme "Vocation" on the programme, was taken very sick the day before and was unable to be present, so her address was read by a member of the class, Miss Maud Hargrove. So interesting was the entire programme that there was not the slightest disturbance, save the crying of babies, though the room was uncomfortably warm and the programme was more than two and a half hours long.

One very amusing feature of the evening was the shower of flowers from the stage by the little folks.

Musical by the band and orchestra added much to the pleasure of the evening. At the close Prof. Murphy gave the class a valuable piece of advice, followed by a very instructive and interesting address by Supt. Hutchinson in which he stated that the examination papers of the class, which he had examined, proved that the class really deserved the honors attained. We are sincerely proud of this, the first class of graduates from our public schools, and earnestly desire that the classes following may reflect as much credit upon our town as has the class just graduated.

We believe the citizens fully realize their duty and privilege to assist their public school in every possible way hereafter.

"Our public school is what we make it."

World's Fair Travelers Will Have It.

The public demand through service when travelling. It is old-fashioned to change cars. On the through solid vestibuled trains of the Chicago, Union Pacific and Northwestern line, from or to Chicago, Omaha and intermediate points, there is no change. This is the finest and fastest road.
