### TAKE NOTICE!!

On and after July 1st, 1893, all sul this industry, and as most of the scribers who desire the WEST SIDE to be sent after their subscription exthe benefit will be felt locally. In pires, must leave word at this office, and their names on the mailing list will be s marked that before the paper is stopped a notice will be mailed asking for a newal. All others, not so marked, will be stopped at expiration of time paid for, without notice.

Independence has the best base ball team in the Oregon League, See if

Oregon has no failures of crops nor failures of banks. Score a point or two in favor of Oregon.

That was a big crowd we had in In- States, and upon them are raised the dependence Saturday and Sunday, and best sheep, whied in turn produce an orderly one, too. Everybody says the finest wool in the American it was a success.

THE railroad spirit is abroad, and Independence will be a railroad town in another year. North, south, east, west, the trains will come in and go out daily.

Searcity of credit and not scarcity of money is what is making hard times, and as Oregon people are less in dept than any state in the Union, her banks cannot fail. Thats the kind of an advertisement for a state.

A GENTLEMAN asked Mr. Hendricks, of the Salem Statesman, if he favored a railroad to Independence, and he said: "Favor a railroad to Independence? Of course I do. I am a railroad crank, and I shall never stop favoring railroads. The more the better."

THE white clover is in blossom in our the Salem Statesman. streets, and its fragrance fills the air Who says it is not more healthy than no grass on the streets, and the odor of a legion of half-cared-for milch cows. Give us the grass and the flowers and keep the cows out in the country where they belong.

Those who are inclined to criticize the base-ball games here last week for the large scores, should remember that the teams are new, and also that from appearances our team is much too heavy for the Oregon City team. Next week Albany plays here, also Portland, against our boys, and the games will be kept down to a professional basis. Practice will do much to improve the

THE correspondent of the Saien Statesman from Polk county, says Dallas is being injured in her Fourth of July celebration, through adjacen towns trying to make it a failure. An exception should be made of Independence, for this town is not throwing straw in the way, but will enter heartily into the celebration at Dallas. Independence has given away to other towns these many years, but our turn comes next year. Do you hear

THE Salem Statesman says: "If the Independence-Salem motor line is fin ished in time, we will be in favor of big celebration at Independence nex year-and all the people of Salem cele brating there." Of course the motor line will be finished, and now we have Salem pledged to help us celebrate, and Monmouth has had her turn, and Dallas her turn, and next year Independence will have a great jubilee on July 4th. Let us commence making preparations now, and never give it up until we have made it a grand success, and congre gate the largest crowd ever having me in Polk county.

THE telautograph is the latest invention in the way of transmission of thought or designs, and is as far in advance of the telephone, as the telephone is in advance of the telegraph. By means of this wonderful invention of Elisha Gray, you can sit down at your desk here, with a telautograph before you, and a fac-simile of every stroke of your pen or pencil is reproduced in New York. If you draw the design of a building it is reproduced exactly in New York or any other point, near or far. It is incapable of making a mistake in transmission. With a pencil you can draw some scene and its counterpart is on the paper at the other end of the line. When you sign your name the receiver has your autograph almost as perfect as though written before him There are many uses to which this machine will be put not yet thought of. What wonderful strides we are making in electrical science.

We want one agent in every town in the State to handle our Great Medical er law, and probably the same way in favor of the repea of the Federal tax Guide on state bank currency. He also says

clans tanced the swelling, which dis-charged freely, but did not help him matecially. I considered him A Confirmed Cripple.

A Confirmed Cripple.

I was about to take him to dincinnati for an operation, expecting his leg would have to be taken off and began giving him Hood's harmparilla in order to get up his agentit. The medicine woke up his appetite, and soon pieces of bone were discharged from the sore, we continued with Hood's farmaparilla, as it seemed to be doing him so much good, and the discharge from the sore decreased, the swelling went down, the leg straightened out, and in a few mouths he took perfect use of his leg. He is now apparently as well as every JOHN L. McMcEnaY, Notary Public, he rouswood, W. Va.
