the United States, measuring over 15 inches in circumference. Most Dalles in Wasco county.

people enjoy the present prosper people think about it.

county commissioners composed of three democrats. One of those was elected directly and alone by the The people of this part of Polk county helped elect that county court, and the WEST SIDE worked hard, under both proprietors to elect them, and yet has never been even treated fairly in the allowment of business. Can the county court give any good reason for such sectional feeling, if it is sectional; or

penses? Stranger still is the fact that this paper opposed the elec tion of T. O. Hutchison, because he was on the republican ticket and it democratic, and yet he sends it

two or three notices, equally with the other papers, three or four that much then, and a full legal times a year. We are grateful to tender too and exchangeable at will

We would like to say the same of the county court.

THE EDITORS.

Last week the Oregon Press Association met in Portland. In spite of the hard times Portland such classes. Another, an edgenerously welcomed them, and itor of a populist paper at Portland has been honored more Seattle said money was entirely than the editors. At the business a creature of the law. It had no meetings were a handful of thirty weight, no color, no intrinsic value or forty. A few editors, and sev etc., and that it should be made of eral representatives of the press the very cheapest materials, and came over from Washington, alto- since paper is the cheapest, it should gether forty-four, and yet at the be made of paper.

excursion to Hood River there were 125 editors, and at the ban- itf" is asked.
