The Albany and State Agricultural College football teams will tackle each other at Corvallis Saturday. The football eleven of the State Normal here and the State Agricultural college will have a game at this city on Saturday, November 18.

At the football game at this place last Friday the Normal boys were "not in it," the score being 54 to 0 in favor of the Pacific University. Probably the team will do better next time as only one or two of the boys had ever seen a game, and their experience of last Friday has no doubt taught them many points concerning that kind of sport.

C. W. Leonard having some work to do on his farm about a one mile south of this place, purchased a new double bit ax and started out last Monday to do the work, and thinking he might see some pheasants he took his gun along. In the evening just as he was starting back to town, a stranger drove along with a hack and asked Mr. Leonard if he would ride. Of course he accepted the invitation and putting his new ax in the bottom of the hack bed he climbed in with his gun. Soon after they saw two Denny pheasants on the railroad track close by the road. The stranger told Mr. Leonard to go and get them and he would just drive on slowly. Mr. Leonard did so and the stranger drove on, but faster than Leonard anticipated, so that was the last he saw of his ax or the stranger, and he didn't get either of the pheasants.
