LOCAL JOTTINGS.

THE FOOTBALL GAME.

The O. S. N. S. team met the O. A C. of Corvallia, last Friday and had a game. As has often been said, "It is hard for a team to win a game, when they have to work against the oppos-ing team and the umpire, too." This was the disadvantage our boys worked under last Friday. The ball first went the girls for a while, but it don't last to the O. A. C. and after quite a strug-long. gie they made a goal. The O. S. N. S. then took the ball and after a short season of rushing they made a touch-down but falled to kick the goal. We did not follow the game in detail, but ns, concluded to win it some ther way-by foul-tackling, etc. The Normal team tried to obtain justice from the O. A. C. boys' umpire, but "sandy," the O. A. C. trainer, as much umpire said nothing. The game continued but the decisions became so flagrant that our boys would not finish the game with the same umpire, and so a gentleman from Forest Grove was ituted during the last twentyfive minutes of the game. To show that the point was well taken, in less than five minutes the new umpire ruled one of the O. A. Ca. off the ground for foul-tackling. The score stood 36 to 22 in favor of the O. A. C. Our boys outplayed them on every point except the criss-cross, and even that wouldn't have won them the Beds and Bedding. game if they hadn't had the umpire. During the game not one of the O. A. C. team was injured but two of the Side boards, Normal boys were hurt so that substitutes had to be used, and it was done intentionally as was noticed by sev- Household treasures, eral, but THEIR umpire didn't see it.

The Lecture at The Normal.

Another of those large audiences that have been coming to hear the cel- Bureaus. ebrated lectures that are being given at the Normal chapel of a Sunday afternoon, was again in the seats at 3 Umbrella Holders, p. m. last Sunday ready to hear Dr. Chapman of the University of Oregon. Exercises began with a song by the school when Rev. Arthur Royce conducted devotional exercises, and then the quartette sang a song. President Campbell with a few words introduced Rocking Chairs, Dr. Chapman who spoke on "Tennyson's Ideal of Educated Woman." It was an address which was very interesting, especially to the readers of Ten-Curtain Poles, nyson's works. During his talk the speaker presented many truths which should be of great benefit to students Cribs, Cradles and High chairs, and no doubt many of them will treasure the beautiful thoughts set forth by Dr. Chapman. The exercises closed with an excellent vocal selection by Miss Ayres. The next lecture will take place two weeks from last Sunday, on December 3rd.

Roy Gill and Bob. Carey, of Scio are "doing" the Normal this week. Miss Maud Stout, who is teaching at Crowley, spent Sunday with her folks

G. A. Wickander arrived in town last Saturday and entered the Normal this week.

Dr. Charles H. Chapman, president of the University of Oregon, spent last Sunday in the city.

Gene. Noble, of Umatilla county, a former student of the Normal, is visiting friends in the city.

We hear that George Gwin is very ill, and his brother Albert came up

from Portland to see him. A way-up time was had by our peo

ple who attended the basket social last Friday evening at Lewisville.

President J. M. Bloss, of the Agricultural College, was down and witnessed the football game last Friday.

Professor A. F. Campbell, who has recently moved to our city from Portland, has accepted the position of Miss Priest at the Normal.

We understand the O. A. C. boys received an ovation on their return to Corvallis for their valor (?) in winning the football game last Friday. N. A. Emmitt is erecting a nev

dwelling house in the northeastern part of town, and Mr. Sumpter is building a house in the western part of Talmage.

Rev. Arthur Royce preached in the Baptist here last Sunday morning and evening. He will fill the pulpit here again next Sunday morning and evening. There was a large congregation present last - evening.

The Ulatus and Lenian societies held a joint meeting last Friday evening, also the Vespertines and Normals. A reception was tendered the O. A. C. boys in the chapel after the societies' exercises were over, at which an enjoyable time was had.

The Misses Mattle and Lela Swann and Mr. L. L. Swann received a telegram that their sister Miss Velua, was dying, the first of this week. But we are much pleased to state that Miss Velna has so rapidly improved that she is out of danger, and her sisters and brother have returned to our city.

O. S. N. S. Murmerings.

The list of students is still growing There is a good deal of grumbling round here, since the announ was made in chapel, that there would only be examinations at the close of the nd and fourth terms. The hongra ble board of education must think that students appreciate being bored to death by reviews, when they might just as well receive the final examination when a study has been completed, and let that finish it. But no, put it off and let the student have something to fret about.

The course in drawing, the studen are receiving this year, is a good thing for those who want to teach.

It's peculiar what a wonderful attraction exists between some things, especially between the boys and the girls. I can always have a nice time with
