

MONMOUTH WEEKLY RECORD.

Ordinary notices, resolutions, cards of thanks, for various and entertainments 5 cents a line, for all over five lines.

FRIDAY, JAN. 12, 1894.

LOCAL JOTTINGS.

Rev. J. W. Osborne preached in the Baptist church in this city last Sunday morning.

B. L. Lucas started last Saturday for an extended to San Francisco and the Midwest fair.

Miss Clara Hall is now teaching a term of school at the Oak View district south of Independence.

The revival is still in progress at the Evangelical church in this city by the Revs. Taylor and Copley.

Carl Costa, who arrived home a short time ago, is unable to leave the house on account of rheumatism.

R. A. Brown, a student of the State University at Eugene, was visiting in the city last Friday and Saturday.

Miss B. Cameron, who has been visiting friends in Portland during the past week, returned to the Normal last Monday.

There were two conversions at the Christian church last Sunday, one in the morning and one in the evening and one addition by letter.

Miss Libby Jackson who has been teaching in Douglas county, arrived in the city from near Salem Saturday where she had been visiting.

The Y. P. S. C. E. elected the following officers at their meeting last Sunday evening: President, Miss Mary Cook; secretary, Miss Linnie Murphy; treasurer, Byron Hunter.

The mud on several of the principal crosswalks about town is about two or three inches deep. This is not a new thing, but it seems though it might be scraped off once in a while.

Hon. E. T. Hatch visited the State Normal school here Tuesday and speaks in the very highest terms in praise of the school, both teachers and pupils. This is his first visit for several years.

Several of the young gentlemen students at the Normal attended the State Convention of the Y. M. C. A. which was held at Albany Jan. 5th, 6th and 7th. They report a very profitable session and a pleasant social gathering.

The following delegates were appointed to represent the Y. P. S. C. E. of this city at the county convention to be held at Independence on Friday, (today) Saturday and Sunday: Misses Edith Percival, Sadie Briggs, Linnie Murphy, Messrs. A. E. Pender and Byron Hunter.

At the morning service at the Christian church here next Sunday the subject will be "The Lord's Supper," and in the evening at 7 p. m. "Some Great Questions." All are cordially invited to attend these services and especially the young people are wished to be present to hear the evening sermon.

The Junior Endeavor society held an entertainment and social in the Waterhouse building last Saturday evening. The programme was rendered in a very pleasing manner and the little folks are to be complimented on their excellent work. After the literary exercises the young endeavorers passed popcorn balls and red hot taffy just ready to be pulled among the audience who generously patronized them.

The Sunday school at the Christian church elected the following officers to serve during the ensuing term (till June): Superintendent, J. M. Powell; assistant Supt., J. L. Dunn; secretary, S. D. Percival; treasurer, C. C. Lewis; chorister, C. V. Murphy; organist, Miss Myra Smith. The Sunday school has started out with very flattering prospects this term, the attendance being larger last Sunday than at any time during the preceding term.

I. O. O. F. Installation.

Last Tuesday the I. O. O. F. No. 59 at this place had a royal time in their hall at the installation of the new officers. The exercises commenced with a song by the lodge followed by the opening address by W. J. Spillman, after which a quartette was rendered by Messrs. J. M. Powell, Getz, Spillman and Wann, and then came the address to the lodge by Rev. J. Fred Jenkins, pastor of the First Baptist church at Independence, which was delivered in an excellent manner and contained many beautiful thoughts. The address was followed with a solo by Miss Ays, which was executed in a nice and pleasing style. District Deputy Grand Master Peter Cook of Independence, installed the officers in an impressive manner which were as follows: W. A. Wann, N. G.; A. C. Haley, V. G.; Jno. Hubbard, Rec. Sec.; I. C. Powell, Cor. Sec.; W. A. Cahoon, Treas.; Geo. Kramer, warden; J. J. Russell, conductor; E. S. Catron, R. S. N. G.; T. O. Waller, L. S. N. G.; B. L. Murphy, R. S. V. G.; G. T. Boothby, L. S. V. G.; E. E. Hewitt, O. G.; J. E. Miller, I. G.; W. J. Spillman, chaplain; J. M. Powell, R. S. B.; L. Ground, L. S. B.; E. M. Haley, P. G. After the installation a most sumptuous array of refreshments were served which was heartily enjoyed by all. About thirty-five visitors were present from Independence and a number of speeches by them were listened to after the supper which were entertaining.

Teachers' Association.

The Polk County Teachers' association met in this city last Saturday and was called to order at 11 a. m. and Prof. F. Long was chosen chairman, the

president being absent. On account of the disagreeable weather the attendance was small, and as no one was present who was on the programme, the subject, "The Object of Recitation," was taken up for discussion. An outline of the objects to be attained was put on the board and the subject discussed alternately by Profs. Getz and Spillman until noon, when the meeting adjourned till 2 p. m.

AFTERNOON SESSION.

The association was called to order at 2 p. m. O. A. Thornton of Independence opened a discussion on How to Teach Mexican War History, and was followed by others whose discussion embraced every phase of history and history teaching. In the absence of A. N. Fulkerson, Prof. Dunn opened the discussion, Teaching Percentage; Prof. Wann gave a talk on the same subject. Miss Hattie Mulkey of Rickard read a paper on Primary Reading, and the merits of the alphabetic, word and sentence methods were discussed. The committee on programme being absent, a new one was appointed composed of Supt. Hutchinson, C. A. Simonton and Miss Mildred Jacobs. The meeting was then adjourned to meet at Dallas the last Saturday in this month.

MARY COLLINS, Secretary.

THE SUFFERING PEOPLE.

A Hard Winter Before the Workers of the Nation. General Hastings of Pennsylvania, in a speech at Philadelphia, has tersely summed up the situation in the country. The condition of the Pennsylvania farmer and workman as he presents it is not overdrawn, and it will be the condition of the New York farmer and worker before a year rolls round unless the people call a halt at the ballot box. He says: "People are now in want, with a hard winter and poverty staring them in the face, and who can say that all this is not due to Democracy and the Democratic congress?"

"The country is in such a condition now that men turn to each other with blanched faces and ask how long their employment will last. Mills are closing every day. The party in power at Washington is responsible for the existing condition of affairs. The farmer is feeling the stress of financial and political weather as well as the artisan and professional man, and through the length and breadth of our beautiful state one hears the cry for relief. But the Democratic party remains inactive and unresponsive to the public demand."

"The Democrats repudiated protection at Chicago and said they would do better things. They have done nothing but cause a wave of destruction and poverty to sweep the land. They painted tariff reform in such glowing colors that the people thought they would like a change. They got it, but at what a cost! "During the 23 years the Republican party ran the government wages increased from 10 to 90 per cent, and the people prospered and saved money. Satisfied with affairs, our foreign neighbors were glad to deal with us and take our money, but as soon as the Democrats gained power they began to question our stability and wonder if silver was to be the same as before."

"The people are frightened. Manufacturers are at their wits' ends. If the manufacturers had the assurance that the tariff would not be tinkered with for 10 years and a promise that no change would be made in the currency of the nation, all the mills in the country would begin work inside of two weeks."

Agricultural Ignorance. Does not every dollar's worth of imports kept out by a protective tariff keep in a dollar's worth of import grain that would otherwise leap to go out?

This is one of those profound conundrums that the secretary of agriculture tried to solve at the congress of agriculture recently held in Chicago. We do not believe that any schoolboy would ask such a question. The protective tariff has nothing whatever to do with the exports of the country. The quantity of grain that will "leap to go out" depends entirely upon the crops in other countries as well as in our own—in fact, upon the question of supply and consequent demand. The protective tariff, Mr. Morton, is to keep out from this country things that are grown or manufactured in other countries, and which we ourselves are able to grow or manufacture. We presume that Mr. Morton is not aware that during the period of the greatest protection this country has ever had our exports of wheat were larger than ever known in the history of the country, the result being that our imports were phenomenally smaller than our exports; hence our exceeding prosperity under protection. The dense ignorance shown by the secretary of agriculture in the affairs pertaining to his department would be amusing, were it not so shameful, in coming from the head of the department that should be representative of our vast agricultural resources.—American Economist.

Wages Lost in Eastern Mills. The extent of the depression in the textile industries of New England may be gauged by the following statement of the losses in wages in Lowell, Mass. The mills were shut down for periods as follows, and the losses, as near as can be obtained, are also given: Merrimack, two weeks; loss, \$44,000. Lawrence, three weeks; loss, \$60,000. Lowell, brasses department, four weeks; loss, \$77,000. Appleton, twelve and a half weeks; loss, \$106,000. Tremont and Suffolk, eight weeks; loss, \$120,000. Hamilton, two weeks; loss, \$29,000. Faulkner's, seven weeks; loss, \$24,000. Pickering's hosiery, twelve weeks; loss, \$24,000. Pulling's shoeshop, nine weeks; loss, \$2,000. Collins' mills, six weeks; loss, \$8,400. Mohair Plush company, eight weeks; loss, \$4,000. Howard Knitting company, six weeks; loss, \$23,000. Stett Bros., running two-thirds time; loss, \$1,000; making a total loss to employees of \$518,300. Besides this many small concerns have been shut down for three months, and if the total losses of these could be obtained it would undoubtedly be found that the working people of the city have lost in wages fully \$750,000 this season. But the loss is not at an end, as the mills have all out down wages about 7 per cent and are usually running on reduced time and with reduced help.—Manufacturers' Record.

Waseca, Minn., Nov. 25, 1890. Mr. Norman Liebly, Des Moines, Ia. Dear Sir:—Please send us the earliest one carton Kraus's Head-ache Capsules. We can't run the machine without them. Send at once, as we are out, and oblige.

Yours truly, SUDDUTH & PARSONS.
