The Best Medicine.

J. O. Wilson, Contractor and Builder, Sulphur Springs, Texas, thus speaks of Ayer's Pills: "Ayer's Pills are the best medicine I ever tried; and, in my judgment, no better general remedy could be devised. I have used them in my family and recommended them to my friends and employes for more than twenty years. To my certain knowledge, many cases of the following complaints have been completely and

Permanently Cured

by the use of Ayer's Pills alone: Third day chills, dumb ague, bilious fever, sick headache, rheumatism, flux, dyspepsia, constipation, and hard colic. I know that a moderate use of Ayer's Pills, continued for a few days or weeks, as the nature of the complaint required, would be found an absolute cure for the disorders I have named above.

WHOO! LAI! WHOO! LAI!

A Grand Rally of Polk County's

Republicans,

ONE HUNDRED AND SIXTEEN NAMES

An Enthusiastic Meeting and Some Stirring Speeches.

On last Tuesday evening the republicans of Independence, organized a club, assembling in the Whiteaker brick. J. S. Cooper called the meeting to order, and J. A. Veness was unanimously elected president pro tem, and E. C. Pentland secretary. The call was then read, as follows: "Believing in the principles of the republican party, and recognizing the rapid growth and development of our country during the past thirty years, and resting under a firm conviction that that growth and prosperity have been wrought out under one of the cardinal virtues of the republican party, which proclaims protection for our laboring classes, we subscribe our names hereto, for the purpose of organizing a republican club, subject to such rules and regulations as may be adopted." This was followed by the signatures of 116 names.

A committee was then appointed on permanent organization, consisting of W. H. Hawley, H. B. Patterson, and Peter Cook.

A committee of two from each ward was then appointed to solicit membership. 1st ward, J. S. Cooper and H. B. Patterson; 2nd ward, Peter Cook and Rolando Shelley; 3d ward, Andy Wilson and E. Grimes.

A stirring speech was made by W. P. Conaway, on the political situation, followed by F. C. Hunt, E. C. Pentland, J. A. Veness, I. Matteson, J. S. Cooper, and Judge Hurley.

The club then adjourned to meet next Tuesday, at the same place.

Judge Hurley to the Populists.

On last Tuesday evening Hon. A. M. Hurley, our mayor, who is an advocate of free coinage of silver made a stirring address to the members of the Republican club. Briefly, here is what he said:

"I am a Republican, and while I have not at all times and in all respects from 1873 been in perfect accord and harmony with that party, nevertheless it approaches infinitely nearer the true principles of government than any other party that I could turn to at the present time. I do not, nor have I, since 1873 fully agreed with the republican party upon finance questions. I believe in the free coinage of the American product in silver. We might ask the question, from what party are we most liable to get the full benefits of free-coinage? The democratic party had incorporated into their platform during the last presidential campaign a plank for the free coinage of silver but they have all gone back on their pledges to the people.

The populists while they are advocating free-coinage and in other ways a more liberal supply of the circulating medium of the country, or at the same time advocating absolute free trade, two propositions so completely antagonistic to each other that they cannot possibly stand together. Free trade means that our manufactured goods, and many of our farm products are to be manufactured abroad and shipped to us from Europe or else where. Is it not plain that every time a million dollars worth of their goods is landed upon our soil that it takes out a million dollars in the circulating medium of this country and that to the very best part of this circulating medium that would pass current among millions of the earth, our gold and silver?

The democrats say we are divided among ourselves, that there are two wings in the republican party, a gold wing and a silver wing. While we admit this, is it not true that there are two wings in the democratic party, a gold wing and a silver wing, and upon the tariff question they are all wings and nothing else. No man can be absolutely suited with anything, and why should there be an exception in political and national affairs. True republicans can find a home in some of the other parties now in existence. Their principles are antagonistic to the best interests of the government.
