

MONMOUTH WEEKLY RECORD.

Obituary notices, resolutions, cards of thanks, program, list of entertainments 5 cents a line, all over five lines.

FRIDAY, MAY 4, 1894.

LOCAL JOTTINGS.

The fusionists of Polk county are not in this year.

The open temperance meeting failed to materialize last Monday evening.

Mr. A. E. Pender conducted services at the Baptist church last Sunday morning and evening.

The State Convention of the Y. P. S. C. E. will held at Corvallis on the 9th to the 13th of next week.

Frank Stanton of Salem, who has been teaching in Vale, Malheur county, was in the city over Saturday and Sunday visiting friends.

Spray & Ebbert is the name of the new meat market firm at this place. Mr. Spray is recently from Portland and is "onto his job" in this line.

Mr. Cressy and wife of this city, went to Newport Wednesday where they will take charge of their boarding house during the spring and summer.

Elder J. N. Smith preached at Rickreall last Sunday afternoon and after the sermon he baptised the Misses Hyatt and Whitman in the LaCreole there.

The Sunday Welcome is whining a little because neither the republicans nor democrats put a man near the head of their tickets who was from Multnomah county.

The public school here will have its commencement exercises on the 18th inst. There will be four in the graduating class this year, and if the former classes are any criterion, we may expect to hear some very able addresses, considering the experience of the writers.

Last Tuesday evening a few of the friends of Miss Maud Stout gave her an informal farewell party at which all spent the evening quite pleasantly. Miss Maud started on Wednesday for Washington county where she will teach school during the spring and summer. She presented her friends with beautiful souvenir bouquets in remembrance of the occasion.

The programme by the Christian Endeavor society last Sunday evening at the Christian church was very profitable to all in attendance. The several addresses on the different phases of missionary work were very ably handled, giving the audience a very good insight into a work which they should all help along. May the endeavorers hold many more such meetings.

The convention of the Young Peoples' Alliance which has been in session here from Monday until Wednesday evening, has been very well attended from all over the Northwest, more ministers being in the city this week than at any other time before. The church at each evening service has been full to overflowing and the ministers are making the meetings the most enthusiastic ever held in our city. Evangelist Fisher preached Wednesday evening and gave his hearers some excellent thoughts. The Evangelical Conference began on Thursday morning and will convene until Sunday evening.

OBITUARY.

Last Wednesday afternoon at about 4:45 Miss Nada Inlow died very suddenly of heart disease at Mr. Jordan's hotel in this city; aged about twenty-two years and two months.

Miss Inlow had the lung fever about two weeks ago but at the time of her death was in very good health; only a few minutes before was talking and laughing and in the best of spirits, when she put her hand on her breast and died in a very seconds without seemingly any pain whatever.

She has attended the Normal during the past two years and was very studious. Miss Inlow was a member of the Christian church, and was well thought of by her friends and acquaintances and was of genial disposition. The relatives have the sympathy of the entire community in their sudden bereavement. At this writing the arrangements for the funeral had not yet been made.

"FOUR LITTLE GIRLS IN RED."

They are Excellent Singers—The Best Concert Ever Given in This City—Audience Delighted.

The Chicago lady quartette sang

to a very good sized audience who were expecting to hear something grand, and to say that their expectations were overwhelmingly realized would be putting it very mild. When the ladies first appeared the audience became perfectly silent, and when the first selection, "Old Madrid," was rendered the applause was deafening; to the encore they sang another very fine piece. The reciting by Miss Neltner was immense, her impersonations being very realistic and was rewarded with a second encore several times. The young gentlemen thought if "they could be by her, they would be alright." The voice of the alto, Miss Raymond, was strong and the tone was deep and pure, and well worth hearing. They were all excellent singers and the melodious strains issuing from their pretty lips were perfectly enchanting.

There is nothing I have ever used for muscular rheumatism that gives me as much relief as Chamberlain's Pain Balm does. I have been using it for about two years—four bottles in all—on occasion required, and always keep a bottle of it in my home. I believe I know a good thing when I get hold of it, and Pain Balm is the best I have ever met with. W. B. Denny, dairyman, New Lexington, Ohio. 50 cent bottles for sale by all dealers.

IRVINE, District Clerk School Dist. No. 29. Dated this 25th day of April, A. D. 1894. 4 25 3t

Consistency of the Wilson Bill.

Potatoes, a northern and western farm product mostly, a tariff is proposed at 10 cents per bushel, or 29.78 per cent ad valorem. But on Peanuts, exclusively a southern product, the protection is to be 1 cent per pound, or 72.86 per cent ad valorem. Hoop iron, when used for cotton ties, to cover bales of southern cotton, is to be free of duty, but Hoop iron, when used to cover bales of hay, the product of the northern, eastern and western farmer, is to be taxed 30 per cent ad valorem. Iron ore is placed upon the free list, but Kaolin, a product of South Carolina, is protected by a duty of \$2 per ton, or 26.08 per cent ad valorem. Apples, eggs and cabbages, which are products of the energy of the northern, eastern and western farmers, are put upon the free list so as to suffer from competition with the almost pauper labor of Canada, but Rice, which is exclusively a southern product, has been the object of very tender care and solicitude. Mr. Wilson and his confederates had forgotten, when rice was under consideration, the proposition which they laid down of ad valorem duties being the only proper ones, and protected their darling southern product, rice, by making specific duties covering every possible form in which the article could be imported. The duty on cleaned rice reduced to an ad valorem basis is 83.89 per cent, but these gentlemen have informed the northern manufacturers of woolen and worsted goods that the country would not submit to higher ad valorem duties than 40 per cent.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida street, San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which there are samples, that proves the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at any drug store. Regular size 50 cents and \$1.
