Hamilton Mulkey's house near Luckiamute station was burned to the ground last Wednesday about noon; about half the household furniture, etc., was saved; there was no insurance. They had been cleaning house and threw some trash in the fire which caused the roof to ignite. The loss is a severe one on Mr. Mulkey.

Model School Cantata.

The cantata "Kingdom of Mother Goose" was successfully carried out at the Normal chapel last Saturday evening. The cantata was given by the children of the Model School, assisted by a few of the Normal students. The house was well filled and the exercises, which were under the management of Miss Casavant, were highly interesting to those in attendance. Twenty-six little ones performed their part to perfection, and all went home declaring they had been highly entertained. The receipts were over $40, which is to be expended in apparatus for the Model School. This institution is well worthy the patronage of the public.

People are fools to suffer when a remedy can be found to cure them. Oregon Kidney Tea is no experiment, and not a fake to get your money. Why will you hesitate, when we assure you that it is absolute cure for all kidney and urinary diseases—

Closing School Exercises.

The commencement and closing programme of the public school was largely attended last Friday evening. Principal Murphy made the opening address in which he said he was thankful for the goodwill accorded the school and the large audience present. The exercises were all quite well rendered and the children showed they had received careful training. The graduating essays by Wm. McCaleb and John Riddell were well composed, and the valedictory by Miss Rose Howard was especially meritorious. The tamborine drill by the little children was very nicely presented. The music by the orchestra was pleasing to all. The programme ended with a very laughable farce, entitled "Marrying a Poetess." It was humously rendered, and "possum" showed that he was a star in disguise. The school year just ended has been very profitable.

THE NORMAL.

Last Wednesday morning a representative of the WEST SIDE took the motor for Monmouth to see what was going on in that beautiful and healthy city. A visit was paid to the Normal school, attending the morning exercises in chapel and it was gratifying to see what was taking place there. The marching of the 190 students to their seats in the chapel to the strains of enlivening music was a cheering to one interested in the cause of education, and especially so to one interested in the progress and success of the Noimal. Prof. Getz led in the devotional exercises after which President Campbell gave a short lecture to the students relative to their duties as scholars, and their prospective positions in life when college days are o'er. Mr. Stephen Staats was called upon to make a few remarks, to which he responded in giving expression to thoughts pertinent to the occasion. The assembly of students presented as bright an array of youth, intelligence and beauty as can be found in any institution of learning in Oregon. Wherever educational mattersare discussed, or inquiries made for teachers in the public schools, the Monmouth Normal is referred to as the standard of excellence in such matters. Pres. P. L. Campbell takes pride in the orderly disposition of the students, and the students hold the President in the highest esteem, which amounts almost to veneration. Success to the Normal!

MEMORIAL DAY.—Those persons desiring to visit the Odd Fellows' cemetery next Wednesday can go there and return with Cook's hack for 25 cents for the round trip; leaving at 9 and 10 a. m. and 1 to 3 p. m.

CORRESPONDENCE.

Much of the elite of Suver was in town Sunday.

Hop lice, or any other kind, are very scarce this year.

There was a pleasant musical gathering at W. P. Bradley's last Saturday evening.

Caterpillars are getting very numerous on the oak grubs. The R. R. track gets a goodly amount, making it sleek traveling in the wooded district.

Since Mr. and Mrs. Wm. Fuqua have named the baby Velina Bergia, we have grave fears that the annual "church court" will plant William more firmly in his gaiters and otherwise steady him as he has grown real "teetery." Sometimes he takes the unbounded pleasure of stepping a polka with the fair Velina in his arms.

Alex. Kennedy, recently of So. California, while working in Lewis Helmick's tile mill Monday, accidentally let the mud car run down the incline and over his right leg breaking it in two places. He is now resting easy.

There was recently sold and shipped from the Suver warehouse 1100 bushels of wheat, a part of which went to Skinner & Co. at Independence and the balance to McDaniel & White at Rickreall.

Wm. Wells, the successful hop grower of Buena Vista, has returned from attending as a delegate the Grand Lodge of Odd Fellows, at Pendleton. He reports an attendance of 350 delegates, and a good time in spite of rainy weather.

ADDITIONAL LOCALS.

How about that wigwam?

Be on the watch for the fire fiend.

Our greatest need is not a new party but a restoration of the republican party to full control of governmental affairs.

The store of Gilbert & Patterson of Salem, was destroyed by fire Wednesday. The stock on hand was completely lost and estimated at about $14,000, partly insured. The origin of the fire is not known at this writing.

At J. R. Cooper's office is a specimen of mineral of such weight as to lead to the supposition that it is almost pure lead. A fortune is in the hands of whoever may have control of the land from which this specimen was taken.

James Helmick, republican nominee for county commissioner, was in town Thursday. Mr. Helmick is a man who has managed his affairs successfully, and in like manner will manage our county affairs from the 1st of July next.

B. N. Solomon, of Palmyra, Ill., is on a visit to his sister, Mrs. Josiah Johnson, of North Independence George W. Solomon, of McDonnough Co., Ill., accompanied him. W. B N. Solomon has been a member of the A. F. & A. M., for forty-five years.

H. B. Plummer, candidate for sheriff on the republican ticket, made a short visit to Independence Thursday. He has been on the canvass with the county candidates, reports everything going smoothly and the prospects of a republican victory very promising. Give Plummer and the entire ticket a strong vote, and let no republican be recreant to his duty when he deposits his ballot.

The O'Brien Bros. (Frank, Albert and Charles) who live about two miles north of Independence, have 280 acres (out of 640) planted this year in wheat. They still have on hand 6400 of wheat from last year, and this fall will have at least 25,000 bushels to sell. They attained their present independent position, first as renters, owning only a small part of their land. This shows that a well conducted farm pays. This year they will build a fine house on the farm.

The June Races.

The trials of speed of the Polk Co. District Fair Association commences on the 14th of June, and continues three days. There are already about 20 horses at the track training for the races. This association, besides being a stimulous to the breeding of fine and fleet stock, is also beneficial to the business interests of Independence, and the citizens thereof shofild make every effort to make the association a success, and contribute of their means to make it permanent in duration. The coming annual meeting bids fair to be one of interest to the members of the association, as well as being conducive to the enjoyment of our citizens. A good programme has been arranged, and the officials of the association will put forth every effort to render the time profitable and enjoyable to all who may attend.

L. W. Laughary of Lewisville, was in town Thursday and reports republican prospects very cheering in his precinct.

Decoration Day.

On the 30th of May will occur the annual return of Decoration Day, when those friendly to the memory of our dead soldiers will meet in their several localities to drop a tear upon the tombs of our dead heroes and decorate their graves with the flowers of our beautiful clime. And while remembering the dead their hearts will swell with thanksgiving that we are in the shadow of the flag of a united republic, whose different sections are animated by a common hope, a common inspiration and a common destiny. May our republic establised and saved by the heroism of the patriot soldier endure till time shall be no more.

While Mr T. J. Richey, of Altona, Mo, was traveling in Kansas he was taken violently ill with cholera morbus. He called at a drug store to get some medicine and the druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy so highly he concluded to try it. The result was immediate relief and a few doses cured him completely. It is made for bowel complaint and nothing else. It never fails. For sale by all dealers.
