J. H. Moran is moving around looking pleasant. He may possibly move to Independence in the near future. Come along John.

David Foulks, son-in-law of Luther Grounds, is second foreman on the Oregonian, is visiting relatives in Monmouth this week.

Last week the WEST SIDE gave J. H. Moran only sixty-seven majority, it should have been 267, the largest majority any district officer received.

H. Best was going to church last Sunday in a buggy, when the bride bits came from his horse's mouth. He immediately jumped from the buggy, caught the horse and stopped him.

T. F. Campbell passed away some years ago, respected and mourned for by a large circle of friends and relatives. His son, P. L. Campbell, is now president of the state Normal school, and is regarded with high esteem wherever known.

The commencement exercises of the Monmouth Normal school beginning Saturday evening the 16th, promises to be unusually interesting, and the general public will be highly entertained by attending the same. Fifty-two students to graduate.

The exercises in the chapel Tuesday morning were not of long continuance, as all time possible is required for the general examination going on preparatory to commencement day. The scholars are studious and hard at work, and we expect them to give a good account of themselves next week.

Mr. William Mason has returned from Illinois. Mr. Mason settled here in 1852. He was the inventor of the Champion sulky plow, also of two new patent gates. He has made three trips East, and back, and probably has made his last one. He is 82 years old, in tolerable fair health, but is slightly afflicted with rheumatism.

Mrs. Flora Candell, of Golden-dale is now at Monmouth. She came to the house of O. C. Beck, and there met with a sister whom she had not seen for fifteen years, not since that sister (Minnie Howell) was four months old. She also met with her father whom she had not seen for fourteen years. The father Mr. Wm. Howell was a volunteer in the U. S. Service, under Captain Fafollette, stationed at Camp Polk, and says that John H. Staats, a son of Stephen Staats, was a fellow volunteer at the same time. This was we think in 1864 or 1865.

Sam Warfield, of Aleson, was visiting friends and relatives near here last week, but has now returned home.

Wm. Fuqua and his crew of road workers are busy with the high-ways. He had some trouble about procuring a grader. We suggest that the county buy and own its own road tools.

David Parker was in Wells last week visiting R. C. Gibson, who fell from a ladder some time ago and sustained serious injuries, from which it was thought the old man would never recover, but he has fooled the prophets, and bids fair to recover.

The lovely flower called the French Pink is becoming a nuisance in our fields, and some have spent hundreds of dollars trying to check its growth. It is said the seed in the flower will mature if the plant is pulled quite green, and the only safe plan is to burn them.

People are fools to suffer when a remedy can be found to cure them. Oregon Kidney Tea is no experiment, and not a fake to get your money. Why will you hesitate, when we assure you that it is absolute cure for all kidney and urinary diseases.

SNAP SHOTS. Albert Gangrain is a good watch repairer, of Suver. Suver Station did not join the church, as was falsely reported.

There is considerable discord at Suver over the collection of taxes. Newt Prather cast the first ballot at Buena Vista in the recent election.

Maurice Allan, of Suver, has bought the warehouse formerly run by Ed McLane, from Thomas Samuels, of Corvallis.

At Buena Vista, in the '50s, whiskey was only 50 cents per gallon. Like a proverb it sounds—too late! too late!

Shafe Curtz, of Buena Vista, has gone trapping over at Philomath. They say game is plentiful, but has Shafe the right kind of bait is the question.

The Suver warehouse was attached for taxes by Curt Hubbard, but Sheriff Wells found by looking over the books that the taxes had been assessed in two places, hence Mr. Well's mistake.

Orin Harley and John Alexander are partners in the hop business at Black Dog, on the river above Buena Vista. They have a young yard of 9 acres, and have been planting potatoes lately, as they have their hops in good fix.

Only two weeks more of school. Our scholars should make good use of their time while they have a good teacher. As your correspondent and his chum went meandering down the road, they saw Bob laboring hard with a buckaw in hand, trying to obtain money to

Richard James Fuqua. R. J. Fuqua, father of Thomas, the gunsmith of Monmouth; William, a successful farmer of Parker; Mrs. Levia Hillbrand, of Fair View; Mrs. W. W. Collins, of Suver; Mrs. Martha Laughary, of Elgin, Oregon, was born March 28 1802, near Greenupburg, Greenup county, Kentucky. His father (R. J. Fuqua), was an early lead miner and trader. Richard was a very friendly boy and was a thorough-bred Kentuckian enjoying fox chasing with bounds to its fullest extent, and was stout and vigorous. When about eighteen years of age he went to Portsmouth, Ohio, and apprenticed as a tanner. He served a long apprenticeship and thoroughly mastered his trade; after learning it he showed a desire to see more of the land of his birth than his immediate vicinity, so he traveled over the Southern States and was foreman in many tanneries. He was in the territory of Arkansas, when the houses, were a days travel on horse back apart. On coming back to Greenupburg he married the sweetheart of his boyhood, Mrs. Mary H. Waring, on January, 4 1831; in about 1836 he emigrated to Versailles, Morgan county, Mo. His family having increased to three children he took 320 acres of government land and settled and commenced work at his trade as a tanner, but soon sold his business and ran his farm. In 1855 he sold out and emigrated to Kansas. He took a preemption claim near Neosho Falls, Allan county, and followed the stock business; in 1864 he crossed the plains with ox teams.

The Indians were very troublesome that year but luck favored them, they were not molested, but people who have read the life of "Mrs. Fannie Kelly among the Sioux" will see that the Fuqua family missed having a gay time, as Mrs. Kelly was captured in a train following and underwent tortures that are depicted in her book which would make a "samborero" go skyward. Mrs. Kelly was a personal friend and frequent visitor at the Fuqua's in the East. He wintered in 64 and 65 in Boise valley, Idaho and July 4th crossed the Blue mountains and wended his way to the "Bob Tartar" place North of Airlie; rented it and stayed about a year when he bought the Harrison, Linville donation at Bloomington, (Parker) moved there and successfully ran the farm until age "counted him out." The latter three years of his life he was troubled with his heart. March 12, 1881 was a gloomy day with relatives and pioneers for a valuable man had passed away. He was laid to rest in the cemetery near Monmouth. His age was seventy-eight years past. Mary his faithful wife through all his cares and joys survived until September, 9, 1892, when she departed this life aged 87 past.

Grandma Fuqua, although very old and feeble never became fretful and disagreeable but enjoyed smoking and was company for the young as well as the old and her chair is now vacant and her presence is missed by many.

Judge Galloway, of McMinnville, came on Monday's train. He remained in the city but a short time.

NEAR DEATH'S DOOR FROM Inflammation of the Kidneys

Dear Sirs: I can scarcely realize I was so near death's door, the result of a bad attack of inflammation of the kidneys. My urine was bloody and terrible pains near the spine. I tried several remedies, but got no relief. When I was suffering terribly a copy of your Medical Adviser was received by some one in our household. After reading more and more and can work without feeling as though I should every minute, and it is due to your medicines that I feel this well; and I am willing that all who are afflicted should know of the wonderful results from using your medicines. Respectfully, MRS. W. T. KAYSER. SOLD EVERYWHERE. Congo Oil, price 50c. and \$1.00. Native Discovery, price \$1.00. Price \$1 per Bottle

ELMIRA, OREGON.

Do You Know Where It Is? MRS. W. T. KAYSER, Lives There and tells in the Following Letter of the Wonderful Benefit Received from using Dr. Grant's Medicines.

ELMIRA, OREGON, April 6th, 1894. DR. PAUL GRANT, President O. W. R. Mfg. Co., Portland, Oregon. Sir:—I wish to express my heartfelt thanks to you for the great benefit I received from using your medicines. I have been a constant sufferer for

Twelve Years with spinal trouble and the complaints so peculiar to women. I have doctored with several different doctors, and from some of them I received temporary relief, but from none of them have I received the relief I have from using your remedies. The Congo Oil, was particularly beneficial, as it instantly relieves the pain and quiets the nerves, and after using it I can go to sleep and not awaken until break of day. I am very grateful for the relief obtained and will do all I can to encourage the sale of your medicines. I have used one and a half bottles of Congo Oil and two and a half bottles of your Native Discovery for women's diseases, and that is all the medicine I have taken in

Six Months, and I am in better health than I have been for the past twelve years—weigh more and can work without feeling as though I should every minute, and it is due to your medicines that I feel this well; and I am willing that all who are afflicted should know of the wonderful results from using your medicines. Respectfully, MRS. W. T. KAYSER. SOLD EVERYWHERE. Congo Oil, price 50c. and \$1.00. Native Discovery, price \$1.00. Price 50c.; 6 bottles \$2.50.

Ulcers Broke Out SLUGGISH LIVER. Cured by Using Dr. Grant's Sarsaparilla.

Dear Sirs: I wish to thank Dr. Grant by letter for the wonderful cure effected upon me by using his Sarsaparilla and Grape Root. Last summer I was taken sick with what the doctors called la grippe, I did not seem to get any better. My liver was in a horrible condition, as I was constantly throwing up bile. My legs commenced to swell and in a short time ulcers broke out all over them and I suffered terribly. A traveling man whom I knew advised me to try Dr. Grant's Sarsaparilla and Grape Root. I did so, and after taking seven bottles I was completely cured, scars all healed up and I felt like a new man. I highly recommend Dr. Grant's Sarsaparilla and Grape Root to all afflicted. Yours truly, REUBEN WARNER, Colfax, Wash.
